PREHISTORIC MAN .- We have heard lately almost too much about the prehistoric man, and the supply of flint implements, perforated shells, and split marrowbones begins to exceed the demand; but a recent discovery in the Department de la Cordogne of human skeletons cœval with the mammoths, and undeniably appertaining to the earliest quaternary period presents features of such unusual interest that the French government have sent M. Lartet, the distinguished palæontologist, to make a report on the Day and Evening Steamers for subject. He reports that the bones of five skeletons have been discovered, and that they begorilla: But the simian origin of man must stock and the Upper Saint John. timony fatal to this theory, having evidently contained very voluminous brains. "THE MICE HAVE EATEN IT."-A merchant ance at the Warehouse of this Line at Indiantown to who possessed one hundred pounds of iron was called away from home, and intrusted his stock to one who professed to be his friend. "It is incredible," replied the other, "or was it ever heard of, that a hawk carried away a child? " "Well," answered the merchant, "in a country where mice can eat one hundred pounds of iron, it would not be surprising if hawks carried o' elephants." Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tuber-cles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease

appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this SARSAPARILELA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems. Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for But long continued use of this medicine will cure the complaint. Leucorrhea or Whites, Uterine Ulcerations, and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Direcions for each case are found in our Almanac, sup-

Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflam-mation of the Liver, and Jaundice, when arising, blood. This SARSAPARILLA is a great restorer for the strength and vigor of the system. Those who are Languid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.

It removes every Ache, Cramp, Spasm, LIXIVÆ FUCI.—This extraordinary agent, associated with SARSAPARILLIAN, cures effectually, with astonishing quickness, all varieties of uncured Syphiloid Ulcers, Nodes, Tumors, Swellings, Fever Sores, Mercurial Sores, Rheumatism and Wandering Pains, and the worst forms of Skin Diseases. As a specialty, it is king of remedies for these complaints, and its association with the other ingredients in the Resolvent places a cure beyond the possibility of a doubt. or Pain that may exist in the INSIDE or

Its association with Fuci-Sarsaparillian, and other ingredients, restores functional harmony to the secreting vessels of the kidneys, and secures the secretion of the proper constituents of urine from the blood. Persons whose urine is thick, cloudy, morbid, turbid, depositing brick dust, albumen, and other deposits, will after a few doses, witness the disappearance of these signs of terror, and their water changed to a clear amber and healthy color. Bear in mind that the Resolvent is the only remedy that contains Bowels, Kidneys, Bladder,-and in all cases where there is inflammation, the Relief should be applied freely, either with the hand by rubbing, or a sponge by bathing, or by a flannel soaked with Relief, and laid across the painful parts. In a few moments all pain will cease, and the cause that occasions the pain removed.

In cases where there is a constant waste of the lungs, as in tuberculous diseases, the Sarsaparillian Resolvent arrests this waste, and repairs the diseased parts with sound material made from pure, rich blood. It secures a good appetite, makes sound and healthy flesh and fibre, gives strength to the weak, and repairs the waste with healthy material. Let not the Consumptive neglect this warning, nor reject the hope held out. Exclusive direct remedies, that act only on the lungs, will never cure; they may smooth and soften the path to the grave, but never will they restore the patient to health. It is foolish for people to reject a remedy that cures so many diseases. It it not the remedy that makes the cures—it is the BLOOD, and Pure Blood will cure the Consumption instance certain as it will remove Pimples, Blotches, and at once—it will always do good .- Price 25 cents per bottle.
