R. R. R. PILLS, PURGATION MADE PERFECT. IN DR. RADWAY'S PILLS.

Extracts from "FALSE AND TRUE," A New Medical Publication free to all, by sending one stamp to pay postage to JOHN RADWAY, M. D. & Co., 439 St. Paul Street, Montreal.

Showing the course of substances taken into the stemach along the canal. 2. The Traches. 8. Esophagus. 4 Inside Stemach, 6. Call Blader. 6. Duedouum. 7. The Annus. IMPERFECT DIGESTION.

The above diagram shows the course of substances taken into the stomach, through the alimentary canal, and here we may remark the importance of every one desiring to enjoy perfect health, to secure perfect digestion. This desideratum will be accomplished by taking one of Radway's Pills every morning about ten o'clock, as a Dinner Pill. By so doing, Dyspepsia, Headache, Foul Stomach, Eiliousness will be avoided, and the food that is eaten contribute its nourishing properties for the support of the natural waste and decay of Imperfect Digestion frequently occurs when the bowels are regular, the constituents of solids that are not absorbed in circulation, from imperfect digestion are frequently directed to the kidneys for its escape; in such cases serious damage is done to the kidneys, as the urine secreted from imperfectly digested substances or food, i. c., those constituents not secreted by the Liver or gall duct, establishes a foreign secretion in the form of Albumen, Sugar, Urea-Uric Acid, Lithic Acid, causing Bright's Disease. Diabettes, Dropsy, in the form of Albumen, Sugar, Urea-Uric Acid, Lithic Acid, causing Bright's Disease. Diabettes, Dropsy, Renal Diseases of the Kidneys. Congestion, Degeneration, Ulcernison, Gravel, Bloody Urine, &c. To prevent those serious and of en fatal difficulties, take one of Radway's Pills every morning two hours before dinner.

Imperfect Digestion may be known by a voracious appetite, craving for food, great thirst, dryness in the mouth, dry skin, hot fortid breath, resilegances, swellings in the abdomen, chest, legs, cold feet, frequent demouth, dry skin, hot foetid breath, restlement, swellings in the abdomen, chest, legs, cold feet, frequent desire to urinate, varied colored urine, &c. Where these symptoms are present, the SARSAPARILLIAN should be taken three times per day, and the Pills one to six, as the case may require. As soon as digestion.
