Thin hair is thick-

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. I have used Graham's Pain Eradicator for over two years in cases of Croup. Sore Throat, Sprains, Cuts and Bruises, and can confidently recommend it to the public. In one case my son, aged eight years was so badly afflicted with Spinal Complaint that one arm and hand became greatly reduced, and his whole health much enfeebled. The use of one bottle of the Pain Eradicator completely restored his general health, while his hand and arm are rapidly assuming their proper proportions. We think that the use of another bottle will make a complete cure.
