hence, probably, their success.

Col. Baird, who was one of the Essay (xaminers, spoke in terms of approbation of the several papers, which showed a great amount of research and application. These essays were well worthy of preservation, and some of them historians of the Province.

Rev. Mr. Neals had several times visited the school during his short residence here, and derived much pleasure from such visits. He had been allowed by the examiners to read the merical, but it succeeded, only, in the minds of essays, which he commended highly, and which some, to prove a great losing speculation; but his children; he expressed conscientious objecwere, he said, in spelling, grammar and punctu- it pays well, and now the second-or in fact the tions to vaccination, believing that results very ation, almost perfect.

We have been somewhat interested in a other is already agitated. A wonderful age we sort of preliminary discussion of the ques- live in, and one of wonderous developments. tion of "Independence," in which some of our down river contemporaries have lately gone into the subject more broadly and of Scotland, held in Portland, St. John, on engaged; and regret that they have not deeply, though this is owing to the fact of the contemptuous way in which the only paper that has taken the side opposed to independence, or even the contemplation of it, has treated it. Several weeks viz:ago, in advance, we believe, of remarks by any other paper in the Province, we briefly expressed the conviction, irresistibly forced home, that to independence the Dominion was drifting, and certainly in the days that have since intervened nothing has occurred to change our opinion, but very much to strengthen it. Now, whether such convictions are well or ill founded, a fair, calm and intelligent discussion of the question can do no harm, and we venture to suggest to the Morning News that its disengenious attempts to bluff off a discussion will do consideration of the change as shall pre- change proposed would benefit our journalists ployees of a gold watch. pare the minds of the people for it. Of mere than any other class of persons, but being hasty action, resulting in great organic changes, we have had enough, and the longer the people talk over, ponder upon and weigh, the promises of the future, the better for them. Let the change, when it and weigh, the promises of the future, the better for them. Let the change, when it comes, come as the result, to a large excomes, come as the result, to a large extent, of the sober wish and will of the people not of the sudden action, and, perhaps, interested will of politicians. The warmest friends of Confederation now see that that consumation was reached to hastily. The St. John press treated with indifference, or made party quarrels, or gave indifference, or made party quarrels, or gave forth utterances vacilating and uncertain.
