A Boon to the Sick!

DR. WILSON'S

Family Antibilious Pills!

THESE PILLS consist of a careful and peculiar ad-
mixture of the best and mildest vegetable cathar-
tics, combined with the purest tonic extracts. They
will be found a most efficacious remedy for derange-
ment of the digestive organs, and for obstructions
and torpid action of the liver and bowels, which produce
indigestion, and the several varieties of Bilious and Liver
Complaints, attended by more or less of the following
symptoms:—Frequent Sickiness, Acidity or Heartburn,
Giddiness or Headache, Drowsiness, and Dimness of
Sight, Spasms, and Flatulent Distentions, an uncon-
table sensation experienced at the Stomach soon after
eating, with a feeling of weight or oppression, tenderness
or pain in the region of the Liver, sometimes extending
to the right shoulder, with a short dry cough and dis-
turbed sleep, a yellow tinge of the skin and eyes, and
ten perceptible, the hepatic action, is at times disturbed
and pulsation felt in various parts of the body, with a
singing noise in the ears, and a sense of fulness and
weight over the eyes and back of the head, the tongue
appears covered with a white or yellowish fur, the taste
becomes vitiated, the appetite impaired, and the breath-
ing oppressed, the bowels are for the most part inac-
tive, and there is much languor and depression of
spirits.

One of the roots from which these Pills are made is a
Sedative, which opens the pores of the skin, and assists
Nature in throwing out the superfluous parts of the cor-
ruption within. The second is a plant which is an expectorant,
that opens and unclogs the passage to the lungs, and
thus, in a soothing manner, performs its duty by throw-
ing off the phlegm, and other humors from the lungs by
copious sputting. The third is a Diuretic, which
gives ease and double strength to the kidneys; thus en-
couraging them to draw a large amount of impurity from
the blood, which is then thrown out bountifully by the
urinary or water passage, and which could not have been
discharged in any other way. The fourth is a Cathartic,
and accompanies the other properties of the Pills
while engaged in purifying the blood; the corner
stones of impurity which cannot pass by other outlets,
are thus taken up and conveyed off in great quantities
by the bowels.

From the above it is shown that Dr. Wilson's Family
Antibilious Pills not only enter the stomach, and assist
Nature in throwing out the superfluous parts of the cor-
ruption within. The second is a plant which is an expectorant,
that opens and unclogs the passage to the lungs, and
thus, in a soothing manner, performs its duty by throw-
ing off the phlegm, and other humors from the lungs by
copious sputting. The third is a Diuretic, which
gives ease and double strength to the kidneys; thus en-
couraging them to draw a large amount of impurity from
the blood, which is then thrown out bountifully by the
urinary or water passage, and which could not have been
discharged in any other way. The fourth is a Cathartic,
and accompanies the other properties of the Pills
while engaged in purifying the blood; the corner
stones of impurity which cannot pass by other outlets,
are thus taken up and conveyed off in great quantities
by the bowels.

By Chemically and judiciously proportioning these
medicines contained in Dr. Wilson's Pills, so greatly are
their cathartic and tonic virtues increased that they
will be found a certain and radical cure for all the cat-
alogues of diseases above enumerated, and in every case
these Pills will be found decidedly preferable over all
others.

Sold by all Druggists and Country Merchants through-
out the Dominion.
