THE GREAT
ENGLISH REMEDY!

Truth Must Prevail!

CLARK'S
DERBY CONDITION POWDERS!

1. This is the only ENGLISH CONDITION POWDER in the Market. For the purpose for which it was designed, it has never been equalled. The receipt for its preparation was the most successful achievement of one of England's most eminent Veterinary Surgeons. It was used by him with unparalleled success, through a long course of veterinary practice. The London Veterinary School, and the Condition Powder to be relied upon. When given to horses, it produces an almost magical effect, increasing the appetite, producing a healthy condition of the digestive organs, purifying the blood, causing an equal circulation, and imparting a renewed and vigorous constitution; all of which is speedily indicated by the peculiar glossiness of its coat, and the activity and sprightliness of its motion. No animal can be in a healthy condition if its coat is rough and staring; and its motion languid.

2. The Derby Condition Powder will be found a perfect Tonic and Restorer after an attack of any acute disease, such as Catarrh, Horse-coli, &c.

3. They are equally beneficial to Cattle, Sheep and Pigs, and can never do harm.

4. Farmers who are fattening stock should always use them; their effect is to increase the weight and to take on flesh much faster. Look for the signature of

J. BRACY CLARK, LONDON,
Professor of Anatomy in the Royal Veterinary College, Great Britain.

J. W. Brayley, Fredericton, N. B., is my only Wholesale Agent in the Dominion, to whom address all orders.

Sold by every Druggist, and at every Country Store in the Province.
