hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of Centreville, Des 29, 1868. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for

INTERCOLONIAL RAILWAY usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. and Consumption. Probably never before in the whole history of cine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent men it has risen higher and higher in their estima-tion, as it has become better known. Its uniform character and power to cure the various affections f the lungs and throat, have made it known as a reble protector against them. While adapted to nilder forms of disease and to young children, it is t the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all hould be provided with this antidote for them. Although settled Consumption is thought incurable, still great numbers of cases where the discase seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear. toral they subside and disappear.
