Woodstock College! THEREAS extensive repairs are just now being made on the College Buildings, so as to make them in beauty and commodiousness equal to any in

the Dominion; and whereas the rapid growth of the section of the country of which Woodstock is the cen-tre, warrants the belief that a First-Class Educational Establishment, in all its departments, can be sustained in it: it has been resolved, so soon as a few more additional class rooms are fitted up, to secure the additional services of an English Preceptor from the Normal College, Edinburgh, and also a Professor of Vocal and Instrumental Music. In the meantime Monsieur Tremblay has been added to the staff as a Teacher of the French Language, and will open a class in the College on Monday first, commencing at one o'clock, p. m.
