Triumphant Success!

DR. WILSON'S Family Antibilious Pills

THERE can be no higher test of any medicinal remedy than its constant success and its consequent celebrity. No inferior medicine can bear the criterion. nor maintain this di-tinc....... Tried by this just and unerring rule, Dr. Wilson's Pils have had no superior in the history of medical science. These Pills are indebted for their superior ty to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor; and to the undoubted fact that at a very early period in their history, they had rescued sufferers from Dibblee's Drug Store,

period in their history, they had rescued sufferers from the very verge of an untimely grave, permanently securing to them that uniform enjoyment of health, without which life itself is but a partial blessing. So greatly, indeed, had their efficacy invariably proved, that it was scarcely less than miraculous to those who were unacquainted with the beautifully scientific principles upon which they are compounded, and upon which they subsequently act.

Dr. wilson's Pills are purely and solely regetable.

Dr. wilson's Pills are purely and solely vegetable, and contain neither Mercury, Antimony, or any other mineral, in any form whatever. They are entirely composed of extracts from rare and wonderful plants, the virtues of which are well known to eminent chemists. but are altogether unknown to the ignorant pretender to medical science.

Their first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly settling around them, and to remove the By the Paper, or Dozen, hardened faces which collect in the convolutions of the small intestines. In doing this, unlike other medicines, they do not reduce the system to debility, but produce a delightful sense of renovation and vigor, often before their direct operation has been completed. This is a peculiarity which they possess in an eminent degree, and hence it is that they are taken by the weakest and most exhausted patients with almost immediate benefit, when other medicines would aggravate the debility. Other medicines only partially cleanse the small intestines, and leave such collected masses behind as to produce costiveness, with all its train of evils, or sudden Diarrhoa, with its imminent dangers.

The second effect of Dr. Wilson's Pills is to cleanse the kidneys and bladder, and by this means the liver and lungs, the healthful action of which entirely depends
