CONSUMITION, WHITE SWELLING, DEOPSY,

SYPHILIS, CANCERS, TUMORS, &c., are all of scrofthous diathesis, and as such, are within the curative range of the SARSAPARILLIAN RESOLVENT! 1 That Scrofula, by whatever name designated, it the result of deposits from the brood, induced or caused by Chronic inflamation. That those deposits take place when the blood is poor, weak, watery, and incapable of holding in solution its proper constituents, or from the presence of some virus or polson in the blood as Mercury, Calomel, Corrosive Sublimate, which is the Corresive Chloride of Mercury or other agents, given in medicines and which enter largely in the common advertis d Sarsaparillas, NOT ABSORBED OR CHANGED FROM THEIR NATURAL CONDITION.

2. That unless the repairs or natriments are greater than the wastes, that decomposition and decay will an pervene, and the powers of life become exhausted. 3. That the dying body cannot be sartained on and treum at of medication that exhausts the gratem, or faile to neurish the blood, the only medium through which the "dal forces are preserved, and on walch the growth of the body depends.

1. Tai Radway's Barsaparillian Res-

of vent supplies a want never before poses ed or known to exit in medicine, that this new found price ple in to exit in insidence, that this new found price pie in the minimal science, which has been brought to such a perfect system of time is exhibited as follows:

1. In great power in assimilating the food in its first stars of distribution in the process of digestion, as chying and chyle with the nourishing elements of blood, significantly from the eliquids refuse and inert qualities before they are taken up by the lactecals and are formed into blood. Here we see that by its wonderful haven it charges the system with the year correct of power it charges the system with the very essence or or not le that forms the vital powers of the body, and its themseal action on the blood in its primitive and complete condition, separates every atom of refuse material or e ement, out of which the virus of disease is formed 2. That, the blood thus prepared, and supplied with these nonrishing properties becomes strong, rich and nealthy, and holds in solution its proper constituents, through the Sarsaparillian Resolvent, and repairs the wastes of the body with sound and healthy structures. Such is the wonderful power the Sarsaparillian Resolvent exerts on the blood and noes of the system, that no virulent humors or poisons will exist by which deposits are made.

3. The rapid ty which the Saranparillian enters the circulation, and communicates its curative powers through the Bood, Sweat, Urine, and other fluids, seoures the constituent senetions of each respective organ, establishing functional harmony throughout the system; through its action and power over the Secretions, the Liver secretes its natural or proper allotment of bre; the Skin sweat; the Kdneys urea; and the Lungs curbon; so that this wonderan medicine not only establishes he dith in the sick body, but preserves the system in health As we have shown the principle on which disease is formed, as well as the only sensible theory of cure, we claim that the range of cure of the Sarsaparillian it esolvent is unlim ted, and that every disease that is of a Caronic, Secofacous or Organic Diathesis, is, properly within its special range.

THE GREAT SECRET OF CURE n this Medicine consists in the selection of ingredients aining curative and nourishing properties that supthe blood and general system with such constituents ach in a condition of disease and depravity, it is deficient of, together with the combination of the several the lients that form the SARSAPARILLIAN RESOL-It the constituent of Oxygen was exhausted from the atmospheric air, life would become extinct. So, when the blood becomes exhausted of its vital constituents, it deposits its tubercles and diseased humors in the body. and the elements of decay and decomposition supervene. Radway's Sarsaparllian Resolvent is to the blood and general system what Oxygen is to the atmospheric air; it supplies the life principle, and enables the blood to hold in solution all its natural con-

DAILY CHANGES take place, for as the Sarsaparildian increases the strength and purity of the blood, all deposits are diminished, and further deposits are arrested and those that are established or forming dislodged, expelled, exhausted, or the portion of the diseased lung cicatrized, and the consumptive, scromlous subject receives good. If not sound, health.

Gravel, Dyspepsia, Sore Legs, Bleeding from the Mr. George Mortimer, a commercial traveller, in Canada West, writes us, under date of April 17, 1869, from Woodstock:
"The SARSAPARILLIAN RESOLVENT is in great emand, and working wonders. Mr. Hoas, of Straffords ride, merchant, told me of a ease where a woman WAS BLIND, but, by the use of the SARSAPARILLIAN RE-SOLVEAT, can now see to read She would give a certideate, but does not wish to be bothered with people writing. Hundreds call to see her. The cure is regarded "Messrs. White & Scott, principal druggists here, aform me of a person of note-high social standing-who or years was affli ted with DYSPEPSIA and GRAVEL, who has been entirely cured by RADWAY'S SARSA-PARILL AN RESOLVENT." Mr. Hoas reports an ther case of Chronic Sore Leg, that resisted all other advertised medicines, cured by a few bottles of SARSAPARILLIAN RESOLVENT. "Mr. JONATHAN FREELAND, of Widder Station, cared, one bottle, of Bleeding from the Lungs, Night Sweats, Threatened Consumption.
"In every town I visit I hear of wonderful cures by the SARSAPARILLIAN RESOLVENT. For every kind of Humor, Sore, Skin Eruption, and all wakening discharges, the prople use it, and become cured; so with Fits, Scroinia, White Swelling, Sore Heads and Eyes, Nose and Mooth, all kinds of Sores, this wonderful remedy acts so powerfully on the blood that all who take 't become strong, sound, and healthy.
