

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily diges'ed and assimilated with the blood, as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out marb'd secretions, and leaving

nothing for disease to feed upon. This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhoa, Polls, Vervous Affections, Chills and Farers, Humors, Loss of Constitational Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form. its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Con-

rtitution.

"It is well known that the medicinal effects of protoxide of Iron are lost by even a very brief ex-posure to air, and that to maintain a solution of Protoxide of Iron without further oxidation has been deemed impossible. In the PERUVIAN EYRUP this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonaics, citrates ation in a way before unknown; and this solution may replace all the proto-carbonates, citrates, and tartrates of the Materia Medica. It is also eminently adapted to take the place of any Protoxide of from which physicians have used in Scurvy, or scorbuide attacks; and, to meet such cases, the Syrup should be found in the medicine-chest of every ship."

From W. R. CHISHOLM, M. D., of Naw Bodford, Mass. "I have employed the PERUVIAN SYRUP successfully in cases of Dyspersia, Chronic Diarr-Heba, Nervous Debility, Neuralgia, Erysipelas, Heba, Nervous Debility, Net Ratera, Beller State, Boils, and Diseases of the Skin; also, Chlorosis, Letcorrhea, Prolapsts Uteri, and in Female Complaints generally. As an alterative tonic the Syrup ought to be used by clergymen, editors, cashlers, clerks, lawyers, and others who use their brains lets, clerks, lawyers, and others who use their brains more than their muscles; as well as operatives, printers, tailors, shoemakers, seamstresses, and all those whose occupation confines them in ill-ventilated and over-heated rooms, who are liable to suffer more or less from nervous debility."

From the venerable Archdeacon Scott, D. D. Dengam, C. F.

Dengam, C. F.

Than an inveterate Dyspeptic of more than twenty-five years standing."

The first been so wonderfully benefitted in the three short weeks during which I have used the Petuvian Syrup, that I can scarcely persuade myself of the reality.—People who have known me are a tonished at the change." are a stonished at the change."

"I am widely known, and can but recommend to others that which has done so much for me."

From a distinguished Jurist. "I have tried the Peruvian Syrup, and the result fully sustains your prediction. It has made a new man of me, infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years."

From the Rev. J. C. Malory. Paetor of the Baplist Church in Sarona, N. Y. "I take great satisfaction in commending the PERUVIAN SYRUP to the notice of Dyspeptics, as being a reliable remedy for that distressing com-plant, while as a general Tonic I think it has no

Thousands hars been changed by the rate of this remedy, from weak, sickly, suffering creatures, to strong healthy, and happy men and women; and invalids cannot reasonably hestiate to give it a trial. The Great Remedy! DR. WILSON'S Pulmonary Cherry Balsam.

The best, Cheapest, and most efficient Remedy for Coughs, Colds, and all Lung Complaints the world has ever produced!

AN ASTONISHING CURE. Pulmonary Cherry Balsam. My daughter contracted a very severe cold about three weeks since and we applied all the usual remedies without any effect. She was evidently sinking fast, and commenced spitting blood. We began to feel very much alarmed and were induced by a friend to try Wilson's Balsam, and bear the same and the MR. J. W. BRAYLEY, Sir,—It is with great pleasure that I add my testimony to the efficacy of Dr. Wilson's induced by a friend to try Wilson's Balsam, and be-fore she had used it but a very short time she was perfectly cured and is now enjoying good health.

R. P. WINTER,

lewing: "I was troubled with Asthma for ten years; no physician could cure me. I tried everything without any good effect until I tried Dr. Wilson's Balsam. I only took three bottles, since which time I have had no return of my complaint, as some months have now larged."

Moses Sharp. York Co., N. B.

"My lungs have been very weak for a number of years.—I have spent two winters at the South for my health; I have taken but one bottle of Dr. Wilson's Pulmonary Cherry Balsam and find so much relief, that I am now using the second and already feel like a new man. Please send me three more, as the stores are all sold out here."

Thos. Norris,

Western Extension Railway. "Last December I was attacked with a severe cough which compelled me to relinquish all labor, and my friends believed I really was consumptive. From hearing of a case similar to my own being cured by Dr. Wilson's Pulmonary Cherry Balsam, 1 was led to try it, and after using two bottles I am completely cured and have again resumed my labor."

WM. FRAZER, York Co., N. B. This household Remedy should be in the hands of every family and individual as a timely application of it to a slight cold or cough will cause immediate relief; while cases of long standing and apparently incurable often yield to its wonderful curative powers.

For sale everywhere throughout the Dominion.
