

**MARCH, 1870.**  
**McDonald & Kedey,**  
REID'S BUILDING,  
QUEEN STREET, Fredericton.  
EXTENSION OF PREMISES.

As business, during the past few months has exceeded the most sanguine expectations of all, McDonald & K. find it impossible to serve their many friends and customers with the satisfaction which they would wish without having their Store enlarged to a great extent. In order to effect this they have leased the store adjoining, lately occupied by Mr. W. A. Clark. We beg to announce that it is our intention to move to conduct business on the same principle, which has heretofore proved such a success, namely the smallest remunerative profits and a quick return.

While alterations are being made we have decided in order to make room for our immense **SPRING PURCHASES.** Which have been selected with great care by Mr. McDonald in the

Home & Foreign Markets, to lay on our counters, and clear out all of the following lots,  
Regardless of Cost,

**Triumphant Success!**  
**DR. WILSON'S**  
**Family Antibilious Pills!**  
THERE can be no higher test of any medicinal remedy than its constant success and its consequent celebrity. No inferior medicine can bear the criterion. No medicine can be so generally and so successfully used as Dr. Wilson's Pills. These Pills are sold in every part of the world, and their efficacy is proved by the fact that they are the only medicine which is so generally and so successfully used. Their operation is purely and solely vegetable, and contains neither Mercury, Antimony, or any other mineral, in any form whatever. They are entirely composed of extracts from pure and wonderful plants, the virtues of which are well known to eminent chemists, but are altogether unknown to the ignorant pretenders to medical science.  
Their first operation is to loosen the coats of the stomach, to dissolve the various impurities and cruelties constantly settling around them, and to remove the hardened faces which collect in the convolutions of the small intestine. In doing this, unlike other medicines, they do not reduce the system to debility, but produce a delightful sense of renovation and vigor, often before the first stage of every ordinary complaint. To females especially, they are invaluable as a means of establishing perfect regularity in natural functions, so important to purity of complexion and the bloom of health. Invalids of all ages should keep them on hand as ready relief and restorers, to which no Doctor's bills are attached.  
A single trial will place these Pills beyond the reach of competition in the estimation of every patient. Sold by all Druggists and Country Merchants throughout the Dominion.
