text to show the deep depravity of the British
aristocracy. That the morality of the English
aristocracy is inferior to that of any other class, either in Great Britain or America, there is no reason to suppose. In fact the longevity of the English nobility is a sufficient refutation of the vulgar opinion of their exceptional immorality. Like actors and eminent literary men, the ne-blemen of England occupy a position before the British public which renders it certain that any impropriety of which they may be guilty will at-tract universal attention.
