## The Carleton Sentinel

Saturday, April 9, 1870.

Oitawa, March 29, 1870. The subject of the Intercolonial Railroad is just now one of pretty general conversation .a while ago was a principal cause of attracting and of this there is no doubt, we believe, that a country from ten to fifteen millions of dollars .-It is also said that a majority of the members of government are favorably disposed, but that in this as in other cases a minority rules. And this as in other cases a minority rules. And

pany to be informed of the lacentes that were to be extended to the Company that undertakes the work, and allowed to accept the task or hand it over to another Company.

Houlton Branch, which was thrown out a few shall yote at each polling place. He believed and carried days age, was again introduced and carried that this would be found to be a most objection-through the House to-day, after the most strenubasis of assessment.

Houlton Branch, which was thrown out a few shall yote at each polling place. He believed shall yote at each polling place. He believed shall yote at each polling place. He believed shall yote at each polling place. In many parts of the country, able provision. The many parts of the country through the form of the country able provision. The many parts of the country able provision able provision able provision. The many parts of the country able provision able prov hand it over to another Company. Mr. Stevenson opposed it on the same princi-

bill. He regarded railways as the outcrop of the progressive spirit of the age, and thought companies should be encouraged to build them. After the passage of one section of the bill progress was reported upon it, and the School

Mr. Moore made a long speech against the bill, confining himself to the details, and seeming to avoid the principle entirely. He is alarmed to do with the withdrawal of the bill than the at the vast sum that \$2 for each child will amount to. Poor Moore!

Hon. Mr. Lindsay said the hon. gentleman had tried to make the House believe that \$2 a head would ruin the country. In Canada intoxicating drinks cost \$5 per head, but the country is not ruined. The fact is that the country is not ruined. The fact is that the country, and the first drops have force asset. Turning the granting of any licenses force asset. Turning the not the question of the ballowing the reached us in the shape of our silver change for their Parish by petition. The bill to revive for their Parish by petiti work to show the improvement that had been made in Germany by a national system of educations by a national system of education in the state of the control of the control

their turn came—this practice was adopted last session—and to take up the bills in the order of their introduction. The last motion prevailed,

Board of Assessors for St. John was advocated are binding until disallowed, and that we have advertisement in another column, Messrs. see how he could support this bill with the ballot with great warmth and persistence by Mr. the right to amend any act now on our statute Edgar, Dibblee & Co., have erected a Mill clause left out, considering his past course in Keans, who called Mr. Quinton the representa-books which has not been consolidated by the at the "Three Brooks," Tobique, for dealing with the question. It was the Govern-

plish the task. It is very tedious to sit and listen to Parish squabbles. The St. John assessment bill comes under this category, and who can blame members for trying to escape being.

Mr. White's bill to extend the time for build between the ages of six and sixteen in regalia attended.

London. March 31.—Ev'ng,—The boat race between the Renforth Tyne crew and the St. John Paris crew negotiated by Walter Brown, has been definitely fix-ed to come off at the close of July on the St. Lawer-ence River, near Montreal. Both crews agree to row foundered and all remaining on board perished. OTTAWA, April 1.—In the Commons Mr. Blake mov-The meeting was particularly noticeable for the good order and attention of the audience.—
This is the third meeting of the kind held in this section during the winter and spring. The effects of the "Friends of Temperance" appear to be appreciated by the people, although there does not appear to be any disposition on their part to revive their dormant Lodge.

OTTAWA, April 1.—In the Commons Mr. Blake moved an address to the Queen asking her to prevent the Canadian Parliament from disturbing the financial relations as allowed by the Act respecting Nova Scotia. He contented that the grant to Nova Scotia was unconstitutional and it was necessary to prevent the Union. An amendment was adopted to the effect that it is the undoubted privilege of Parliament to control all expenditures chargeable to the public account of the country. count of the country.

London, April 31.—The House of Lords met yester day expecting the Queen's message approving the bill for establishing order in Ireland but it was not

Despatches from Calcutta state that the Earl of Mayo, Governor General of India, is making a tour of the cotton growing districts of that country, and urging upon the people the necessity of increased cultivation of cotton in order to compete successfully with the United States.
