WALTHAM WATCHES.

THE AMERICAN WATCH. The Public of the United States and Canada have now had over ten years' experience of WALTHAM WATCHES, and they are now everywhere acknow-ledged to be the ONLY RELIABLE

TIME-KEEPERS. Almost all other watches are sold under false pretenses; not one in a hundred bears the name of the real maker; the public have absolutely no security. and have therefore been constantly imposed upon.—
On the contrary, every buyer of a Waltham Watch
gets a guarantee of the Company, and no matter from
whom he buys it, has positive security that he is getting a TIME-KEEPER.

It must be admitted that the apparent interest of watchmakers lies on selling other watches on which and quick returns." These watches can be had in several grades-all guaranteed-the silver cases are made from coin silver, and from 2 to 6 ounces in weight. The gold cases are made in 18 carat gold, and from 11 to 6 ounces in weight. The sizes for ladies are richly en-

graved or enamelled. For the quality, both in gold and silver, they are the CHEAPEST WATCHES IN THE WORLD! These watches can be ordered of any reliable watch-maker or jeweller in the Dominion; but the guaran-tee of the company should be invariably required.— The Company in all cases pay the Gover
