### A CARD.

NEW TERMS—\$1.50 A YEAR.  
Thinking those who have attended to  
the "Final Notice," and reminding those  
who have not that they can only blame  
themselves for the consequences, our read-  
ers are informed that commencing with the  
new volume, January 1st, the terms for  
the CARLETON SENTINEL will be \$1.50  
per annum, in advance. Clergymen,  
Parish School Teachers, and W. O. Keep-  
ers, \$1 in advance. Produce taken as  
usual.

Woodstock, Oct. 6, 1870.

SENTINEL OFFICE, removed to Al-  
lan's Brick Building, up stairs.

We have come out of respect to the  
fairness of this County abroad; out of  
respect to the political morals of those who  
have political morality to be shocked; out  
of respect to the Governor and the Gov-  
ernment, not to publish a report of Hon.  
Mr. Lindsay's speech on the 26th, after the  
election had been closed, when, to say the  
least we can say, his remarks can be  
very bad, and we are not sure that he  
was merely being ambitious to oppose him  
or the government, might have done so  
very conscientiously.

There is one thought, now that the elec-  
tion is over, looking to the future welfare  
of this County, which has been strengthened  
very much of late.

We refer to the system which has been  
generally prevailed as to  
allowing members taking office in con-  
clusion. This system is based upon false  
conclusions. The member that takes office  
holds that position, not for the particular  
service of the County he represents, but of  
the whole Province. He has no constitu-  
tional power to favor one constituency  
above another. If in exercising the pre-  
rogatives of his office he is over generous  
to one section, that generosity involves in-  
justice to and partiality against other  
sections, therefore, so far as that goes, a  
private member of the Cabinet, not a  
simple member of the Assembly, has just  
as much power to benefit the County he  
represents as one who fills the office of  
Surveyor General, Chief Commissioner of  
Public Works, or Provincial Secretary.

In degree it might just as well be argued  
that the constituency whose representative  
becomes Attorney General may anticipate  
special influence for the County he rep-  
resents, leaving the Surveyor General to have  
free range among the Crown Lands.

It is true that when a man who is liberal in his  
expenditures, or enterprising in his views  
and speculations, becomes the recipient of  
a handsome salary, the community in which  
his stated home is may expect to reap a  
proportionate amount of benefit from the  
expenditure of his money, and nothing more,  
except the honor which, when the selection is  
made, of account of moral and mental fit-  
ness, should be regarded a great honor.

But the system is dangerous as well as  
unwise. The object of these elections under  
our form of Responsible Government, is  
that people may have an opportunity of  
testifying the approval or disapproval of  
existing policies, the genius of our elective  
system is ignored by these *ex vivo* re-  
turns—returns which may be essentially  
made by half a dozen electors, while all  
the rest of the electoral body speak no  
voice on the matter. Then it tramples  
upon principle. At a general election the  
electors declare against an existing gov-  
ernment, and in a few months after the  
representatives comes back asking their con-  
stituents not only to re-express their con-  
fidence in him, but through him the very  
government that they had condemned so  
shortly before. Either the first election  
turned on principle or it did not; if it did,  
people should not be compelled, by a con-  
straining silence, to assent to a contrary  
principle.

Of course it may be said the people have  
themselves to blame, so they have, and it  
is because such is the case that we present  
the matter thus so that the electors may  
think over it, and perhaps decide that what  
is quoted as a precedent shall be a pre-  
cedent no longer. But that entering the right  
into an opportunity of doing so whenever  
an election is advertised to take place.

It seems too bad that New Brun-  
swick must be continually belittled before  
the world, owing to the weakness of our  
public men. In the past we know how  
the overbearing vanity of the part of some  
of our public men, and the contempt upon  
themselves and injury to their constituents,  
and Mr. John H. Gray, by bringing a suit  
for libel against Hon. George Brown, in To-  
ronto, has not only lost a verdict, and lost  
money, but has had the questionable mat-  
ter of his official connection with the gov-  
ernment exposed, and has not questioned the  
decision of an improper appropriation of im-  
bursement as a member of St. John, when  
he resided in Ottawa, brought prominently  
before the public gaze. It seems a failing  
in our public men, Provincial and Domini-  
on, to take mileage as far and as much as  
they can get. Mr. Gray's case is only  
worse than some others, because his taking  
involves more money.

The steamer "Ida Whittier" has  
been taken down river, and it is expected,  
will be repaired and on the route again this  
fall.

The steamer "Gazelle" went on a rock  
near Beakagumie, on her upward trip, last  
Saturday, and sprung a serious leak. A  
hunch is expected that the hull will not be  
damaged to a large extent.

The Criminal Docket at the Circuit  
Court, Fredericton, Judge Weldon, was  
very heavy. Driscoll, for robbery, was  
sentenced to 12 years in the Penitentiary;  
Davis, for the murder of Iago, to 12 years  
in the penitentiary; and McCarron, for  
robberies, 27 years in the penitentiary.

We believe no public officer in New  
Brunswick has ever commanded such uni-  
versal respect as has Beverly Robinson,  
Esq., late Collector at St. John. He has  
been connected with the Customs since  
1824. He has never been in a position of  
decision on the superannuation list, bear-  
ing with him the respect of the business  
community of the Province generally.

We are requested to state that there  
will be a donation party at the residence  
of Rev. Mr. Moore, Baptist Minister, in  
this City, on Saturday, 12th inst.

PARISH ELECTION.—A correspondent  
writes that in Middle Simonds they had a  
warm election. The Candidates elected  
were—R. McElroy, 79 votes; J. H. Ray-  
mond, 44. John Perkins got 20 votes, and  
F. Saunders 1.

Richmond—Kilburn, 94 votes; Lavery,  
87; Leighton, 73.

In New Brunswick, C. B. Ball and G. W.  
Hovey were re-elected.

No further definite returns.

A correspondent up-river writes to  
say that a Rev. gentleman was present  
on Tuesday evening, at a Temperance  
meeting, a carriage containing a  
young man and lady, attended by a figure  
on a horse, having a cow bell on his neck,  
passed him rapidly.

Our correspondent asks what it means?

We had, for the first, a real heavy  
fall of snow on Monday, which for a short  
time made good travelling on runners.—  
Probably now we shall have a high frost.

We have received the St. John Adver-  
tiser, this being the first issue of that paper  
as a Semi-Monthly.

THURSDAY it commenced to rain, and the  
water came down during the night with a  
steady and heavy fall.

BOOK NOTICES.—The Atlantic Monthly, for  
November, is quite up to the usual standard of  
excellence. The Atlantic combines in its array  
of writers the best talent of America, and if it is  
unpopular, it is because it is so good. The  
absence of articles merely frivolous,  
which take with too many readers. Among  
the papers in this number, the second part of  
Recollections of John Deane, by his son, is  
very interesting. It will be read with great in-  
terest. Fields, Osgood & Co., publishers, Boston.

Good Health, Alexander Moore, 11 Bromfield  
street, Boston, for November, is received. This  
Magazine of health, a most interesting and  
valuable work, is published at \$2 a year. The  
present number has a fine variety of articles, all  
more or less directly touching the laws of  
Hygiene; Means of preserving Health; The  
copy of the Bible; "Dreams and their causes";  
"Cancer"; "How to bring up Babies"; "Wom-  
en's dress," are prominent among the thirty or  
forty articles included. All should wish to pre-  
serve their health, and in no way can they do  
so better than by obtaining much useful infor-  
mation to read at as taking this Magazine.

Low TEMPERATURE.—Cold and damp are  
the frequent cause of ailments which prove ex-  
ceedingly troublesome, though rarely dangerous  
if neglected. A cold in the head, throat, or  
chest may be safely stopped and quickly cured  
by means of Dr. Wilson's Pulmonary Cherry  
Balm. This balm exercises the highest salu-  
tary effect on the mucous, vascular, and secre-  
tory systems, which colds always disarrange.  
The phlegm, cough, shortness of breath, gradually  
disappear, the chest becomes warm, and the  
strength and vigor of the constitution is not  
diminished, but rather increased, by the use of  
this balsam.

ACIDITY OF THE STOMACH.—Dr. Wilson's  
Pulmonary Cherry Balm is a powerful and  
certain remedy for the correction of those ac-  
cidents, whether induced by debility, from dis-  
turbances in the stomach, or impaired by excess.  
The phlegm, cough, shortness of breath, gradually  
disappear, the chest becomes warm, and the  
strength and vigor of the constitution is not

Dr. Dow's Stomach Oil Lotion is a most  
efficient remedy for external diseases and com-  
plaints incident to horses and cattle. It can-  
not be too strongly recommended, as it is a  
simple, safe, and successful remedy in all cases.

We do not mean to say that Clark's Derby  
Condition Powders cure every disease, and  
supply the place of good food, and good  
treatment, and good food, still, still, still, still,  
it will take them, in most cases, give substantial  
and permanent relief, and your animal will be  
brought back to what he should be.

A case of chronic rheumatism of unusual  
severity, which had resisted all other remedies,  
is noticed by one of our exchanges. A  
large bunch came out upon the breast of the  
sufferer, and appeared like part of the breast  
bone.

The sweetest word in our language is health.  
At the first indication of disease, use well known  
and approved remedies. For Dyspepsia, or  
indigestion, use "Parson's Purgative Pills." For  
coughs, colds, or any large stomach, use John  
Dow's Cherry Balm.

THIS POOR MAN'S FRIEND.—Doctors' bills are  
too long for a poor man's pocket, but many of  
them may be avoided by keeping Grace's Salve  
in the cupboard. It is the "precious pot of  
ointment," curing burns, cuts, scalds, sprains,  
wounds, chilblains, chapped hands, &c. Prudent  
housewives will save their husbands' hard-  
earned money by purchasing a box of this salve.

An authoritative statement on the part of
