of La Minerve, Montreal. "Having experienced the most gratifying results from the use of Dr. Wetar's Batsam of Wild Cherry, I am induced to express the great confidence which I have in its officacy. For nine months I was most cruelly afflicted with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. The symptoms increased alarmingty, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigue which so slight an exertion occasioned. At this functure I commenced taking the Balsam, from which I found timedicte reflet, and after having used four bottles I was completely restored to health. I have used the Balsam in my functily, and administered it to my children, with the happiect results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy par excelence."

or Venereal discharges, or ulcers, or sores, through the reparative process of RADWAYS SARSAPARILLIAN, are arrested, and the ruptured organs healed. For Sale or to Lease! THE TRUE THEORY OF CURE.
TADWAY'S SARSAPARILLIAN RESOLVENT supplies the system, through the blood, urine, sweat, and structure-making constituents with Tissue making, Flesh making, Heat or Calorie and Fat making elements. MIAT eligible Business stand situated on King Street, in the Town of Woodstock, formerly the site of the liotel known as the "Ronfrew House," All of its constituents are nourishing, purifying, and strengthening. It Repairs, Hee's, Resolves, and drives out of the body the products of Decay and Corruption. CONSUMPTION, WHITE SWELLING, DROPSY, SYPHILIS, CANCERS, TUMORS, &c., are all of a scrofulous diathesis, and as such, are within the curative range of the SARSAPARILLIAN RESOLVENT! Contains one quarter of an acre, mere or less, situated in a central and business part of the Town and to Capitalists offers the inducements of a speedy return from a Factory, Hotel, Stores and Dwellings or other structures that may be placed thereon. For further information Apply to W. T. BAIRD. Woodstock, Oct. 21, 1869.

1. That Scrofula, by whatever name designated, is the result of deposits from the blood, induced or caused by Chronic inflamation. That those deposits take place when the blood is poor, weak, watery, and incapable of holding in solution its proper constituents, or from the presence of some virus or poison in the blood as Mercury, Calomel, Corrosive Sublimate, which is the Corrosive Chloride of Mercury or other agents, given in medicines and which enter largely in the common advertised Sarsaparilias, NOF ABSORBED OR OHANGED FROM THEIR NATURAL CONDITION. the vi'al forces are preserved, and on which the growth of the body depends.

4. That Radway's Sarsaparillan Resolvent supplies a want hever before possessed or known to exist in medicine, that this new found principle in Chemical science, which has been brought to such a perfect system of oure is exhibited as follows:

1. Its great power in assimilating the food in its first stage of distillation in the process of digestion, as chyme and chyle with the nourishing elements of blood, seperating from these liquids refuse and inert qualities before they are taken up by the lactecals and are formed into blood. Here we see that by its wonderful power it charges the system with the very essence of principle that forms the vital powers of the body, and its chemical action on the blood in its primitive and complete condition, separates every atom of refuse material of element, out of which the virus of disease is formed

2. That, the blood thus prepared, and supplied with these nourishing properties becomes strong, rich and healthy, and holds in solution its proper constituents, through the Sarsaparillian Resolvent, and repairs the wastes of the body with sound and healthy structures. Such is the wonderful power the Sarsaparillian Resolvent, and structures. Such is the wonderful power the Sarsi parillian Resolvent exerts on the blood and juices of the system, that no virulent humors or polsons will exist by which deposits are made.

3. The rapidity which the Sarsaparillian enters

through the Blood, Sweat, Urine, and other fluids, secures the constituent exerctions of each respective organ, establishing functional harmony throughout the system; through its action and power over the Secretions, the Liver secretes its natural or proper allotment of his; the Skin sweat; the Kidneys urea; and the Lungs ourbon; so that this wonderful medicine not only established the health in the sick health, but preserves the system. ishes health in the sick body, but preserves the system As we have shown the principle on which disease is formed, as well as the only sensible theory of cure, we claim that the range of cure of the sarsaparillian itesolvent is unlimited, and that every disease that is of a Caronic, Scrottious or Organic Diathesis, is, properly within its special range. THE GREAT SECRET OF CURB

in this Medicine consists in the selection of ingredients containing curative and nourishing properties that supply the blood and general system with such constituents which, in a condition of disease and depravity, it is deficient of, together with the combination of the several ingredients that form the SARSAPARILLIAN RESOLVENT. If the constituent of Oxygen was exhausted from the atmospherie air, life would become extinct. So, when the blood becomes exhausted of its vital constituents, it deposits its tubercles and diseased humors in the body, and the elements of decay and decomposition supervene.

Radway's Sarsaparillian Resolvent & to

the blood and general system what Oxyess is to the

atmospheric air; it supplies the life principle, and enables the bleed to hold in solution all its natural com-DAILY CHANGES take place, for as the Sarsaparillian increases the strength and purity of the blood, all deposits are diminished, and where there are tubercles formed in the lungs, the further deposits are arrested and these that are established or forming dislodged, expelled, exhausted, or the portion of the diseased lung cicatrized, and the consumptive, scroholous subject receives good, if not sound,

BLIND LADY CURED. Gravel, Dyspepsia, Sore Legs, Bleeding from the Lungs, Cured.
Mr. George Mortimer, a commercial traveller, in Canada West, writes us, under date of April 17, 1869, from Woodstock:

"The SARSAPARILLIAN RESOLVENT is in great demand, and working wonders. Mr. Hoac, of Straffords-ville, merchant, told me of a case where a woman WAS BLIND, but, by the use of the SARSAPARILLIAN RE-SOLVENT, can now see to read She would give a certificate, but does not wish to be bothered with people writing. Hundreds call to see her. The cure is regarded "Messrs. White & Scott, principal druggists here, inform me of a person of note—high social standing—who for years was afflicted with DYSPEPSIA and GRAVEL,

who has been entirely cured by RADWAY'S SARSA-PARILLIAN RESOLVENT." Mr. Hoas reports another case of Chronic Sore Leg, that resisted all other advertised medicines, cared by a few bottles of SARSAPARILLIAN RESOLVENT. "Mr. JONATHAN FREELAND, of Widder Station, cured, by one bottle, of Bleeding from the Lungs, Night Sweats, Threatened Consumption.

"In every town I visit I hear of wonderful cures by the SARSAPARILLIAN RESOLVENT. For every kind of Humor, Sore, Skin Eruption, and all weakening discharges, the people use it, and become cured; so with Fits, Scrofula, White Swelling, Sore Heads and Eyes, Nose and Mosth, all kinds of Sores, this wonderful remedy acts so powerfully on the blood that all who take it become strong, sound, and healthy.
