Triumphant Success!

DR. WILSON'S

the Clerk of the County Court for the County of Car-THERE can be no higher test of any medicinal reme-

dy than its constant success and its consequent celebrity. No inferior medicine can bear the criterion.
nor maintain this di-tinc...... Tried by this just and
unerring rule, Dr. Wilson's Pils have had no superior in the history of medical science. These Pills are indebted for their superior ty to their manifest and sensible action in puritying the springs and convince them of the fact.

Dr. wilson's Pills are purely and solely vegetable, and contain neither Mercury, Antimony, or any other mineral, in any form whatever. Trey are entirely composed of extracts from rare and wonderful plants, the virtues of which are well known to eminent chemists.

Their first operation is to loosen foom the coats of the stomach and bowels, the various impurities and crudities constantly settling around them, and to remove the hardened taxes which collect in the convolutions of the small intestines. In doing this, unlike other medicines. they do not reduce the system to debility, but produce a delightful sense of renovation and vigor, often before their direct operation has been con pleted. This is a peculiarity which they possess in an eminent degree, and hence it is that they are taken by the weakest and most exhausted patients with almost immediate benefit, when other medicines would aggravate the debility. Other medicines only partially cleanse the small intestines, and leave such collected masses behind as to produce costiveness, with all its train of evils, or sudden Diarrhœa,
