No. 2 Market Square.

Ottawa, Oct. 1st, 1870. NOTICE is hereby given, that His Excellency the Governor General, by an order in Council, bearing date the 25th of September last, has been pleased to approve of the following Regulations governing the Importation of Animals for the improvement of stock, under Sec. 4, of Victoria, Cap 9.

REGULATIONS. 1. In all cases a certificate of purity of blood given by the breeder of the animal, and accompanied by a certificate of identification, signed and sworn to by the importer, should be furnished to the Collector at the Port of entry.

2. In addition to the foregoing certificate, there shall be required in special cases, the further evidence

hereinafter mentioned, viz: 3. A proper pedigree referring to the English or American Etud Book, to be given by the breeder in

NICKELITE SILVER

Is a compound Metal, the chief ingredient of which is derived from those extraordinary Meteoric Stones which are found in Nerthern Europe, and which are now said by scientific men to have descended from the planetary system. The combination with more duc-tile Metals of this wonderfully hard and bright metal, but in such proportions as to retain its essential pro-perties, has been the result achieved by the inventors of Nickelite Silver.
