Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections

Ayer's Ague Cure,

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zine, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE daily.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity. the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had falled.

WALTHAM WATCHES.

THE AMERICAN WATCH. The Public of the United States and Canada have now had over ten years' experience of WALTHAM WATCHES, and they are now everywhere acknow-ledged to be the ONLY RELIABLE TIME-KEEPERS.

Almost all other watches are sold under false pre-tenses; not one in a hundred bears the name of the real maker; the public have absolutely no security, and have therefore been constantly imposed upon.—
On the contrary, every buyer of a Waltham Watsh gets a guarantee of the Company, and no matter from whom he buys it, has positive security that he is getting a TIME-KEEPER.

It must be admitted that the apparent interest of

they can make larger profits; but men of enterprise in the trade prefer an article of large and ready sale, and which leaves no bad stock. It is "small profits These watches can be had in several grades-all guaranteed-the silver cases are made from coin sil-

and silver, they are the CHEAPEST WATCHES IN THE WORLD These watches can be ordered of any reliable watch maker or jeweller in the Dominion; but the guaran-

tee of the company should be invariably required.

The Company in all cases pay the Government duty, which makes the Canadian consumer a privileged purchaser.

Ayer's Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

character and power to cure the various affections of the lungs and throat, have made it known as a reof the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly

cured by it.

Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or missmatic poisons.
