of La Minerve. Montreal. "Having experienced the most gratifying results from the use of Dr. Wistar's Balsam of Wild Cher y. I am induced to express the great confidence which I have in its efficacy. For nine months I was most cruelly afflicted with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. The symptoms increased alarmingly, and so reduced was I that I could walk but a tew steps without resting to recover from the pan and fatigue which so slight an exertion occasioned. At the juncture I commenced taking the Balsam, from which I found immediate relief, and after having used four bottles I was completely restored to health. I have used the Balsam in my family, and administered it to my children, with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy par excellence."

Gentlemen:—Several months since a little daughter of mine, ten years of age, was taken with Whooping Cough in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of Dr. Wistar's Balsam of Wild Cherry. In three hours after she had commenced using it, she was greatly relieved, and in less than three days was chirgly cured, and is now well I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of effecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce any body to use your Balsam I shall be glad, for I have great confidence in it.
