A Syrian convert to Christianity, a the story goes, was urged by his employe to work on Sunday, but he declined "But," said the master, "does not your bible say that, if a man has an ox or an H. E. BA E E ass that falls into a pit on the Sabbatl day, he may pull him out?" "Yes," an swered Hayop, "but if the ass has a hab it of falling into the same pit every Sabbath day, then the man should either fill up the pit or sell the ass." The story has a sort of swivel "moral" which will fit a great many disputed points in these days. -The Advance

Ayer's Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma,

and Consumption. Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the danat the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured. curable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure, For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected in the process of the radical cures of the resident in, or travelling through miasmatic localities, will be protected in the process of the resident in the process of the resident in, or travelling through miasmatic localities, will be protected in the process of the resident in the process of the radical cures effected in obstinate that the process of the resident in, or travelling through miasmatic localities, will be protected in the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the radical cures effected in obstinate that the process of the Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE daily.

For Liver Complaints, arising from terpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Iron in the Blood

NATURE'S OWN VITALIZER. Dibblee's Drug Store,

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as Also a complete Stock of Carriage easily digested and assimilated Painters' Dry Paints, Colour with the blood, as the simplest food. It increases the quantity of House Builders and Carriage Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and sonable quantity for cash, as cheap as the same quality of goods can be vitalized blood permeates every procured in St. John, St. Stephen or part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhaa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are Nails, Shoo Nails and Tacks. not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Certificate of A. A. HAYES, M. D., of Boston, Assayer to the State of Massachusetts.

"It is well known that the medicinal effects of Protoxide of Iron are lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron without further oxidation has been deemed impossible. In the PERUVIAN SYRUP this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonates, citrates. tion may replace all the proto-carbonates, citrates, and tartrates of the Materia Medica. It is also eminently adapted to take the place of any Protoxide of Iron which physicians have used in Scurvy, or scorbutic attacks; and, to meet such cases, the Syrup should be found in the medicine-chest of

From W. R. CHISHOLM, M. D., of New Bedford, Mass. "I have employed the PERUVIAN SYRUP suc cessfully in cases of Dyspepsia, Chronic Diabr-HŒA, NERVOUS DEBILITY, NEURALGIA, ERYSIPELAS, BOILS, and DISEASES OF THE SKIN; also, CHLOROSIS, LEUCORRHEA, PROLAPSUS UTERI, and in FEMALE COMPLAINTS generally. As an alterative tonic the Syrup ought to be used by clergymen, editors, cashiers, clerks, lawyers, and others who use their brains more than their muscles; as well as operatives, printers, tailors, shoemakers, seamstresses, and al lose whose occupation confines them in ill-ventiated and over-heated rooms, who are liable to suffer more or less from nervous debility."

From the venerable Archdeacon Scott, D. D. \* \* \* "I am an inveterate Dyspeptic of more than twenty-five years standing." \* \* \* "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality.-People who have known me are astonished at the change.' "I am widely known, and can but recommend to others that which has done so much for me."

From a distinguished Jurist. "I have tried the Peruvian Syrup, and the result fully sustains your prediction. It has made a new man of me, infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five

From the Rev. J. C. Mallory, Pastor of the Baptist Church in Sarona, N. Y. "I take great satisfaction in commending the PERUVIAN SYRUP to the notice of Dyspeptics, as being a reliable remedy for that distressing complaint, while as a general Tonic I think it has no

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial. A pamphlet of 32 pages, containing certificates of cures and recommendations from some of the most eminent physicians, clergymen, and others, besides much other valuable and interesting matter, will be sent free to any one sending us their name and See that each bottle has PERUVIAN SYRUP blown in the glass.
