Ayer's Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reof the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should vision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the discase seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear. toral they subside and disappear.
Singers and Public Speakers find great pro-Asthma is always relieved and often wholly

Soreness in the Chest and Side, Bleeding at the Lungs, Liver Complaint, &c.

The unequalled success that has attended the application of this medicine in all cases of PULMONARY COMPLAINTS has induced many physicians of high standing to employ it in their practice, some of whom advise us of the fact over their own signatures. From L. J. RACINE, Esq., of La Minerse, Montreal. "Having experienced the most gratifying results from the use of Dr. Wistar's Balsam of Wild Cherry, I am induced to express the great confidence which I have in its efficacy. For nine menths I was most cruelly afflicted with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. The symptoms increased alarmingly, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigue which so alight an exertion occasioned. At this juncture I commenced taking the Balsam, from which I found immediate relief, and after having used four bottles I was completely restored to health. I have used the Balsam in my family, and administered it to my children, with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy par excellence."

A CURE FOR WHOOPING COUGH. ST. HYACINTHE, C.E., Aug. 21, 1856. Messrs. Seth W. Fowle & Son.

Gentlemen:—Several months since a little daughter of mine, ten years of age, was taken with Whooping Cough in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of Dr. Wistar's Balsam of Wild Cherry. In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of effecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce anybody to use your Balsam I shall be glad, for I have great confidence in it.
