Corporation understand full well that if Woodstock they lose more by the operation than will that town. There are and they reckon too closely when dollars and cents are involved not to count well the consequences of a policy that might seem like spitefulness toward Woodstock. We still think, and outsiders not influenced by personal interests must think, that the easiest thing for the Company to do would be to build from Woodstock upwards first. We must say to the Reporter anent what he calls the St. Stephen Ring, that the gentlemen alluded to have a reputation and an enviable one in connection with railroads, and the Riviere du Loup Company will not suffer if they factory result of the Census has been
