THE DIFFERENCE BETWEEN A VIOLIN AND A FIDDLE - Half a century ago, or less, the somewhat factitious Reverend Dr. Pond dwelt in the quiet and out-of-the way villige of A---, in the state of steady habits. The doctor's ideas were liberalmuch more so than many of his congregation; nevertheless, he kept on the even tenor of his way, and disregarded the prejudices of some of his people. He had a son named Enoch, who at an early age Two Car Loads of Cumberland and manifested a remarkable talent for music, which the father cherished and cultivated with care In the same village resided an antiquated maiden lady, who, having no cares of her own to occupy her time and attention, magnanimously devoted herself to those of her neighbors. One morning TEAS; she called at the doctor's and requested to FLOUR see him. When he entered the room where she was seated, he perceived at a glance that something was amiss, and before he had time to extend her the usual "How Hickery Shafts, Spokes and Hubbs, Seat Arms,

Serew Bands, Seat Rims, Plated Boston Bands, d'ye do ?" she added,-"I think, Dr. Pond, that a man of your &c. &c. age and profession might have had something better to do, when you were in New for Cash. London last week, than to buy Enoch a fiddle; all the people are ashamed that our minister should buy his son a fiddle! Oh

Brown's Building, Main Street. dear, what is the world coming to, when ministers will do such things ?" "Who told you he had a fiddle?" in-

quired the doctor "Who told me? Why, everybody says so, and some people have heard him play on it as they passed the door. But ain't it true, doctor?

"I bought Enoch a violin when I went to New London. " A violin? what's that?"

" Did you never see one ?" " Never. "Enoch!" said the doctor, stepping to the door, "bring your violin here."

Inoch obeyed the command, but no soonand painless character of its action render it the the door, "bring your violin here."

er had he entered with his instrument than cheapest and safest remedy for worms discovered.

H. L. SPENCER, the old lady exclaimed: "La! now; there; why, it is a fiddle!" "Do not judge rashly," said the doctor, Dec 16, 1870-6m 51 giving his soon a wink; "wait till you

hear it." Taking the hint, Enoch played Old Hundred. The lady was completely mystified; it looked like a fiddle, but then who ty of Victoria. had ever heard Old Hundred played on a fiddle? It could not be. So, rising to depart, she exclaimed, " I am glad I come in to satisfy myself. Law me! just to think how people will lie."

Insolvent Act of 1869.

Francis Clementson of Saint John, in the City and County of Saint John, Merchant, Plaintiff, and William C. Hammond, Junior, and John C. Hammond, lately of Little Falls, in the County of Victoria, now of Van Buren, in the State of TYPON the application of the above Plaintiff

order that a meeting of the said Defendents Insolvents, be held at the office of John L. Marsh, in the City of Fredericton, Barrister at Law, and Official Assignee of the said County of York, on Monday, the sixth day of February next, at eleven o'clock in the forenoon, for the purpose of appointing an Assignee to the estate of the Insolvents, under the Insolvent Act of 1869.

Dated this 23rd December, 1870.

JAS. STEADMAN, J. C. C. FRASER & WINSLOW, Attorneys for Plaintiff.

To the Hon L. A. Wilmo', C. C. G., Lieutenant Governor of the Province of New Brunswick. To the Honorable the Legislative Council, and to the Honorable the House of Assembly.

THE Petition of the undersigned inhabitants of the County of Victoria Humbly Sheweth-That for the good government of the said County, it is most desirable that it should be divided into two Counties, and in accordance therewith a Bill has been prepared which will be submitted to your Excellency and Honorable Bodies

for that purpose.

The large extent of country embraced within the limits of said County, makes it at certain seasons of the year both impossible and impracseasons of the year both impossible and impracticable for Justices to meet for the purpose of conducting the business of said County, and your petitioners further represent that the different interests involved between the lower and upper portions of the said County are so adverse that it has become an impossibility to govern the said County, giving equal rights and privileges to all parties thereof. The division of the Counties will be at or near

Little River, above Grand Falls, and running to the Boundary Line which divide the said County of Victoria from the Province of Lower Canada, and to the line which divide the State of Maine from this Province at Saint Francis.

Your petitioners therefore hereby gray that the Bill now before the House for dividing said County into two Counties may pass into a Law. And as in duty bound will ever pray.

Ayer's Cathartic Pills, OF Worms from the human system.

As this preparation contains no mineral ingredient, the administration of it to young children For all the purposes of a Laxative

sands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action — remove the obstructions of the stomach, bowels, liver, and other organs of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

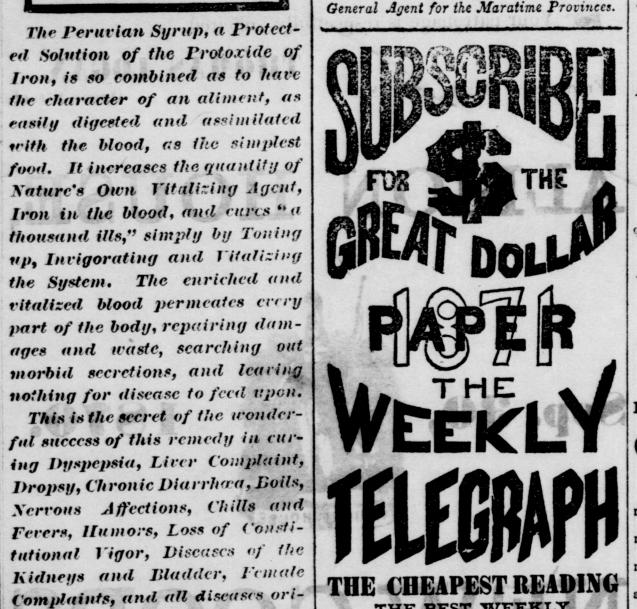

Minute directions are given in the wrapper on he box, for the following complaints, which these Pills rapidly cure:—
For Dyspepsia or Endigestion, Listlessness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomh and restore its healthy tone and action. For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Faundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be Juliciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Bysantery or Diarrhea, but one mild

for Rheamatism, Gout, Gravel, Palpi-tation of the Heart, Pain in the Side, Back and Loins, they should be continuously aken, as required, to change the diseased action of the system. With such change those complaints For Dropsy and Dropsica: swelling: they hould be taken in large and frequent doses to proluce the effect of a dras... purge.

For Suppression a large dose should be taken ces the desired effect by syn pathy. As a Dinner Pill, take one or two Pills to pro note digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no rious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the diges-tive apparatus.
