ASSOCIATION.

OUR blood is our life, and from the blood we derive our strength, beauty and mental capabilities. To purify the blood means giving new life to the whole system, adding fresh vigor both to the mind and body. A vigorous body is at once less liable to attack of disease, contageous or otherwise, and better able to sustain long continued work. It strengthens, braces and vitalizes the brain, because a vigorous body is more liable to think clearly and well. RECEIVED per steamer "New Brunswick" from Portland: -20 bbls. But the Inventor has found from experience, that the pure juices of vegetable extracts can be made ready for use just as they are prepared in nature's own subtile laboratory, without the use of spirituous liquors. The great difficulty of preventing these juices from fomentation, has been overcome in the Tonic and Sarsaparillian Elixir, which is a combination of the juices just as they are found in the plants themselves.

He has yet to see the first ease of these diseases in which it has failed, when fully and fairly tried.
