SATURDAY, DECEMBER 23, 1871.

SENTINEL OFFICE, in Allan's

Brick Building, up stairs. COMMON SCHOOLS.

We promised, last week, to turn our

We may here state our regret to find constant spur of such a motive may be made among the people of the outside districts, a powerful element of success in school work. from the operation of, the law.

There are difficulties in the way of such a result that we long ago pointed out .ed. The leading minds who framed the law were of men whose associations are in and with populous communities; they did not understand the needs of sparcely settled country districts, and country may be settled country districts. The law therefore most limit of the leading minds who framed the gree, in a miscellaneous school, without neglecting those branches of study which must limit in a miscellaneous school, without neglecting those branches of study which must limit in a miscellaneous school, without neglecting those branches of study which must limit for Plaintiff; damage \$10.
