The Great Blood Purifier AND CERTAIN CURE FOR Liver Complaint, Dyspepsia, and

Dr. Wilson's Tonic and Sarsaparillian

Indigestion.

Our blood is our life, and from the blood we derive our strength, beauty and mental capabilities. To purify the blood means giving new life to the whole system, adding fresh vigor both to the mind and body. A vigorous body is at once less liable to attack of disease, contageous or otherwise, and better able to sustain long continued work. It strengthens, braces and vitalizes the brain, because a vigorous body is more liable to think clearly and well.

Physicians have, ever since the importance of HOME SHITTLE

from the impure blood, as it passes from the glands, the purification particles.

This is the secret of the powerful influence which the Tonic and Sarsaparilla Elixir exerercises upon the human system without weakening or debilitating it. As it contains no ALCOHOL, it stimulates, yet is not followed by reaction, because although Alcohol is a very good solvent of many medicinal extracts, it is itself injourious in its action. But the Inventor has found from experience, that the pure inject of vergetable extracts can be made ready the Inventor has found from experience, that the pure juices of vegetable extracts can be made ready for use just as they are prepared in nature's own subtile laboratory, without the use of spirituous liquors. The great difficulty of preventing these juices from fomentation, has been overcome in the Tonic and Sarsaparillian Elixir, which is a combination of the juices just as they are found in the plants themselves.

ation of the juices just as they are found in the plants themselves.

DR. WILSON'S TONIC & SARSAPARILLIAN ELIXIR has a direct tonic action on the Stomach,—it gives its muscular fibres strength for mixing the food into a thorough pulp, it strengthens its glands to pour out a healthy gastric juice for dissolving the food, it prevents by these means termentation and acidity of the tood, and thus prevents Indigestion and Dyspepsia, or cures them if already present. It purifies all the fluids and secretions in the shortest reasonable time. It heals all internal sores, tubercles, ulcers and inflammation.

The TONIC and SARSAPARILLA ELIXIR exerts a cleansing and strengthening influence on the Liver, thus keeping it prepared for its office of elaborating the bile and taking its materials from the blood, where if left to circulate they would produce hurtrul effects on all the internal organs. It at once obviates emaciation, builing up wasted flesh and muscle.

and muscle.
Dr. Wilson's TONIC and SARSAPARILLIAN FLIXIR exerts a like strength giving and cleansing effect on the glands of the intestines, and on the kidneys. It is without a rival as a tonic, and it supplies a vitalizing force to every part of the ensupplies a vitalizing force to every part of the en-feebled and postrate body, supplying oxygen to vitalize the blood and nytrogen to assimilate the matter, equalizing the nervous influence, and caus-ing all the organs of the body to work in perfect

harmony.

The inventor then from theoretical reasoning and long experience in its use with the great variety of patients, worn out and debilitated from Impure blood, from Dyspepsia, and Indigestion, feels no hesitation in offering the TONIC and SARSAPA-RILLIAN ELIXIR, as a certain blood purifier, and cure for Dyspepsia, Indigestion and Liver Complaint. He has yet to see the first ease of these diseases in which it has failed, when fully and fairly tried.

NEW JOINT CORN!

FOR FARM and GARDEN. A splendid and rare quality of Corn is offered to the Farmers, a specimen of which, as a common average stock, can be seen at our store. It is taken from the Egyptian wheat, gradted with our Canadian wheat, which has taken five years to perfect; it is warranted to mature twenty days sooner than any other, and yield from four to five times as much, there being from 4 to 8 ears on each stalk. Also, Improved Sweet and Pop Corn. Branching Field and Sweet Corn of the first named variety, tracing its ancestry to Yellow Canada Corn, an ear is produced at the axils of the leaves, averaging from 3 to 5 well formed ears on a stalk; stalks with eight well formed ears on the seen grown. It is ready to harvest ninety days from planting. The earliness beauty, and extraordinary productiveness claimed for it, cannot but recommend it to the notice of every farmer.—
The Sugar Sweet Corn, of like habits, ears 8 inches in length, averaging from 3 to 5 well formed ears to a stalk, early, tender, sweet and delicious. Let farmers and gardeners make a note of this.

Mr. Judson has demonstrated what can be done by care and skill in the cultivation of Corn; and no one, as it seems to us, can tail to see that by planting this var

THE DIAMOND GLASSES.

Manufactured by J. E. SPENCER & CO., N. Y., Which are now offered to the public are pronounced by all the celebrated Opticians of the World to be the MOST PERFECT, Natural, artificial help to the human eye ever known. They are ground under their own supervision, from minute Crystal Pebbles, melted together, and derive their name, "Diamond," on account of their hardness and brilliancy. The Scientific Principle on which they are constructed brings the core or centre of the lens directly in front of the eye, producing a clear and distinct vision, as in the natural, healthy sight, and preventing all unpleasant sensations, such as glimmering and wavering of sight, dizziness, &c., peculiar to all others in use.
