MR. EDITOR,—Some months since I took out a policy in above Company for $1000.00, at a cost of $7.50 per year. The Great Blood Purifier

AND CERTAIN CURE FOR

Liver Complaint, Dyspepsia, and Indigestion.

Dr. Wilson's Tonic and Sarsaparillian Elixir.

OUR blood is our life, and from the blood we derive our strength, beauty and mental capabilities. To purify the blood means giving new life to the whole system, adding fresh vigor both to the mind and body. A vigorous body is at once less liable to attack of disease, contageous or otherwise, and better able to sustain long continued work. It strengthens, braces and vitalizes the brain, because a vigorous body is more liable to think clearly and well.

Physicians have, ever since the importance of the blood circulation was known, been seeking for a sure blood purifier. Some have put their faith in acids, some in alkalies, some in purgatives, others in the lancet, but all have failed because they have overlooked the fact which the Proprietor of the Tonic and Sarsaparillia Elixir recognizes, that the true principles of purifying the blood is to so cleanse out and strengthen the natural emunctories, that they may properly perform their office of secreting from the impure blood, as it passes from the glands, the purification particles.

This is the secret of the powerful influence which the Tonic and Sarsaparilla Elixir exercercises upon the human system without weakening or debilitating it. As it contains no ALCOHOL, it stimulates, yet is not followed by reaction, because although Alcohol is a very good solvent of many medicinal extracts, it is itself injourious in its action. But the Inventor has found from experience, that the pure juices of vegetable extracts can be made ready for use just as they are prepared in nature's own subtile laboratory, without the use of spirituous liquors. The great difficulty of preventing these juices from fomentation, has been overcome in the Tonic and Sarsaparillian Elixir, which is a combination of the juices just as they are found in the plants themselves.

DR. WILSON'S TONIC & SARSAPARILLIAN ELIXIR has a direst tonic action on the Stomach,—it gives its muscular fibres strength for mixing the food into a thorough pulp, it strengthens its glands to pour out a healthy gastric juice for dissolving the food, it prevents by these means fermentation and acidity of the food, and thus prevents Indigestion and Dyspepsia, or cures them if already present. It purifies all the fluids and secretions in the shortest reasonable time. It heals all internal sores, tubercles, ulcers and inflammation.

The TONIC and SARSAPARILLA ELIXIR exerts a cleansing and strengthening influence on the Liver, thus keeping it prepared for its office of elaboratiug the bile and taking its materials from the blood, where if left to circulate they would produce hurtful effects on all the internal organs. It at once obviates emaciation, builing up wasted flesh and muscle.

Dr. Wilson's TONIC and SARSAPARILLIAN FLIXIR exerts a like strength giving and cleansing effect on the glands of the intestines, and on the kidneys. It is without a rival as a tonic, and it supplies a vitalizing force to every part of the enfeebled and postrate body, supplying oxygen to vitalize the blood and nytrogen to assimilate the matter, equalizing the nervous influence, and causing all the organs of the body to work in perfect harmony.

The inventor then from theoretical reasoning and long experience in its use with the great variety of patients, worn out and debilitated from Impure blood, from Dyspepsia, and Indigestion, feels no hesitation in offering the TONIC and SARSAPARILLIAN ELIXIR, as a certain blood purifier, and cure for Dyspepsia, Indigestion and Liver Complaint. He has yet to see the first case of these diseases in which it has failed, when fully and fairly tried.

For a further Description of this mighty remedy see my New Family Medical Almanac for 1871.

Sold everywhere throughout the Maritime Provinces.

My dear Mrs. Taylor,—

It affords me much pleasure to inform the public of the benefit I have derived from the use of your valuable Ointment. Having suffered from Salt Rheum for thirty years so that at times I was unable to attend to my duties, and after trying remedies innumerable, I was induced by a friend to try your Ointment, which I did, following the directions, and am perfectly cured. THE American Buckeye MOWING MACHINE

I BEG leave to call the attention of the Farmers of Carleton to the above celebrated Machine. For fourteen years the "Buckeye" has stood at the head of the Harvesting Machines of the United States. During that time many Machines have been introduced, with great pretensions, which have struggled through a few years, and then disappeared, but the "Buckeye" has outlived all competition, and to-day stands higher than ever before. The "Buckeye" is everywhere recognized as the standard and the measure of success secured by competing Machines is proportioned according to their resemblance to the Buckeye Model. In the words of the Official Report of the Great National Auburn Trial:—"For several years past every new Mowing contrivance has gravitated more and more towards the "Buckeye" principle, until all the Machines are grouped around this central type."

Among those gentlemen to whom we would take the liberty to refer for further information respecting the character of the "Buckeye," we might mention:

H. E. Dibble, Esq.,	Woodstock.
R. S. Bull,	"
Andrew Stephenson,	"
James Turney,	"

Jas. Harper,	Jacksonville,
Whitney Payson,	"
Jas. Savage,	Richmond,
Lewis Purrinton,	"

The above Machine may be seen and examined at the store of SMITH BROS., Woodstock, who are Local Agents for the same, or any further information may be obtained by applying to

Agent for Carleton County.

MESSRS. CONNELL BROS.:

Dear Sirs,—I have one of your Iron Plows, and after a fair trial I have no hesitation in saying that it is the best I have ever used for light draught and easy management; it cannot be excelled by the celebrated Hussey Plow. Its adaptation to rough ground is superior to others, owing to the shortness of the beam, the simplicity by which it is regulated, the beautiful manner it turns the furrow, owing to the style of the mould board, the hardness of the iron out of which it is constructed, and the smoothness of the casting, recommends it to favorable consideration of every farmer.

Farmers try it! It cannot be beat.
