Insolvent Act of 1869. Francis Clementson of Saint John, in the City and County of Saint John, Merchant, Plaintiff, and William C. Hammond, Junior, and John C. Hammond, lately of Little Falls, in the County of Victoria, now of Van Buren, in the State of

Maine, Defendents. UPON the application of the above Plaintiff I order that a meeting of the said Defendents, Insolvents, be held at the office of John L. Marsh, in the City of Fredericton, Barrister at Law, and Official Assignee of the said County of York, on Monday. the sixth day of February next, at eleven o'clock in the forenoon, for the purpose of appointing an Assignee to the estate of the Insolvents, under the Insolvent Act of 1869.

Dated this 23rd December, 1870 JAS. STEADMAN, J. C. C. FRASER & WINSLOW, Attorneys for Plaintiff.

To the Hon L. A. Wilmot, C. C. G., Lieutenant Governor of the Province of New Brunswick. To the Honorable the Legislative Council, and to the Honorable the House of Assembly. of the County of Victoria Humbly Sheweth— That for the good government of the said County, it is most desirable that it should be divided into two Counties, and in accordance therewith a Bill has been prepared which will be submitted to your Excellency and Honorable Bodies

for that purpose.

The large extent of country embraced within the limits of said County, makes it at certain seasons of the year both impossible and imprac-ticable for Justices to meet for the purpose of conducting the business of said County, and your petitioners further represent that the different interests involved between the lower and upper portions of the said County are so adverse that it has become an impossibility to govern the said County, giving equal rights and privileges to all parties thereof.

The division of the Counties will be at or near Little River, above Grand Falls, and running to the Boundary Line which divide the said County of Victoria from the Province of Lower Canada, and to the line which divide the State of Maine from this Province at Saint Francis.

Your petitioners therefore hereby pray that the Bill now before the House for dividing said County into two Counties may pass into a Law.

And as in duty bound will ever pray.

A CURE FOR WHOOPING COUGH. ST. HYACISTUE, C.E., Aug. 21, 1856. Memers. Seef W. Fower & Son.

Gentlemen:—Several months since a little daughter of mine, ten years of age, was taken with Whooping Cough in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of Dr. Wistar's Balsom of Wild Cherry. In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fall of effecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce anybody to use your Balsam I shall be glad, for I have great confidence in it. Memts. SETH W. FOWLE & BON.

Ayer's Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estima-tion, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a re-liable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can should be provided with this antidote for them.

Although settled 'Consumption is thought incurable, still great numbers of cases where the discase seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully

For Liver Complaints, arising from terpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed. Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

This, reader, is the true cause of the formation of fubercles and Consumption. Dr. Radway was the first to advance this theory of the cause of Consumption and its kindred diseases, and prepared the RADWAY'S RESOLVENT to supply the Blood with such constituents it was deficient of, in these conditions of system, and to give it the nourishment and strength to hold its natural constituents in solution. Dr. Radway's theory was published in England, France, Germany, and America, and was stized upon by the scientific men of both hemispheres. From his text medical books have been since whilefied by medical writers claiming to have discovered the cause of Consumption, but have failed to produce the remedy to cure.
