From L. J. RACINE, Esq., of La Minerse, Montreal. "Flaving experienced the most gratifying results from the use of Dr. Wistar's Balsam of Wild Cherry, I am induced to express the great confidence which I have in its efficacy. For nine months I was most cruelly afflicted with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. The symptome increased alarmingly, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigne which so slight an exertion occasioned. At this juncture I commenced taking the Balsam, from which I found immediate relief, and after having used four bottles I was completely restored to health. I have used the Balsam in my family, and administered it to my children, with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy par excellence."

A CURE FOR WHOOPING COUGH. 87. HYACINTHE, C.E., Aug. 21, 1856. Memrs. SETE W. POWLE & SON. Gentlemen: Several months since a little daughter of mine, ten years of age, was taken with Whooping Cough in a very aggravated form, and nothing we could so for her seemed many way to relieve her suffering. We at length decided to try a bottle of Dr. Wistar's Balsam of Wild Cherry. In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fall of effecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce anybody to use your Balsam I shall be glad, for I have great confidence in it.
