Our blood is our life, and from the blood we derive our strength, beauty and mental capaby Messers. J. M. Badollet & Co. bilities. To purify the blood means giving new life to the whole system, adding fresh vigor both to the mind and sody. A vigorous body is at once less liable to attack of disease, contageous or otherwise, and better able to sustain long continued work.

It strengthens, braces and vitalizes the brain, because a vigorous body is more liable to think clearthe purification particles.

This is the secret of the powerful influence which the Tonic and Sarsaparilla Elixir exerercises upon the human system without weakening or debilitating it. As it contains no ALCOHOL, it stimulates, yet is not followed by reaction, because although Alcohol is a very good solvent of many medicinal extracts, it is itself injourious in its action. But the Inventor has found from experience, that the pure inject of vergetable extracts can be made ready pure juices of vegetable extracts can be made ready for use just as they are prepared in nature's own subtile laboratory, without the use of spirituous iquors. The great difficulty of preventing these juices from fomentation, has been overcome in the Tonic and Sarsaparillian Elixir, which is a combination of the juices just as they are found in the
