POOR COPY

Miscellaneous.

One stormy blustering night, recently, a verdant Massachusetts couple presented themselves at the residence of a certain Norfolk clergyman, requesting to be married. After the ceremony was performed, the happy groom, pocket-book in hand, asked: "Wal, squire, what's to pay?" The astonished and expectant reverend modestly replied that he never named his price for any such service, but accepted whatever anybody was pleased to give him. The money was returned to the capacious pocket with a grin and a bow: "Wal, I'm obleeged to ye, I declare; I'll do as much for you some time." "Yes," chimed in the blushing bride, "much obleeged to ye, as far as I'm consarned. If it hadn't a stormed, we should have gone to Dedham!"

Will Parents Take Heed.—On all hands complaints are made of the increasing ill health of our school-children. Now who is to take the matter in hand? Who is to say there shall be absolutely no lessons learned out of school, unless the present duration of school hours shall be shortened? It needs, we think, only that the parents shall themselves, *insist* upon this to effect it. Why wait till brain-fever has set in? Why wait till little spines are irretrievably crooked? And of what mortal use is it to keep on pouring anything into a vessel when it is incapable of holding any more, and is only wasted upon the ground?—*Fanny Fern.*

Talking at Table.—Is it proper to talk at the table? By all means. We are aware that some few consider it proper to observe perfect silence while at table. We do not know how such a horrible custom originated, yet have a few times been a guest at such tables, but hope never to be again. The table is the very place to talk, and the meal hours should be among the pleasantest of the day. Don't talk business and discuss what work shall be done after dinner, but give the time to social chat. This should not prolong the meal inconveniently, but there should be enough of it to prevent the common custom of rapid eating.

A Surgeon had occasion to perscribe a couple of pills for an Irishmen, which were sent home in a small box, bearing the direction, "The whole to be taken immediately." On visiting his patient afterwards, the doctor expressed his surprise on learning that the desired effect had not been produced, and asked Pat's better half if she had really given him the medicine. "Faith, that I did, sur," she replied, "but, maybe, yer honor, the lid hasn't come off yet?" The poor sick man had been made to swallow, not only the pills, but the box as well.

Teacher: "Mary, dear, suppose I were to shoot at a tree with five birds on it, and kill three, how many would be left?" Mary—four years old: "Three, ma'am." Teacher: "No, two would be left." Mary: "No, there wouldn't, though; the three shot would be left, and the other two would be flied away!"

A vacant mind takes all the meaning from the fairest face. A sensual disposition deforms the handsomest features. A cold, selfish heart shrivels and distorts the best looks. A mean, groveling spirit takes all the dignity out of the figure, and the character out of the countenance. A cherished hatred transforms the most beautiful lineaments into an image of repulsive ugliness.—*W. T. Clarke.*

Surprise parties are not so fashionable in Bridgeport, Ct., as they were previous to a recent visit upon a lady where the party carried an unlimited supply of provisions for a fine supper which were quietly put away in the pantry as an accepted donation. After staying several hours the party went away "hungry as bears."

A young man in New Haven, recently rushed into a drug store, and in great alarm asked the clerk if benzine was poisonous. "No;" said the clerk; "Why?" "Because," said the fellow, "father went to the closet to take down the gin bottle, and by mistake took several swallows before he knew it." "He is all right," replied the clerk; "the only difference between benzine and modern gin is the taste."

Living without Reflection.—When a man passes a day without reflection, he may well exclaim at night, "I fear that I have done something wrong."

Borrowed garments seldom fit well.

Ayer's Sarsaparilla

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys is derived from its cures many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this ***SARSAPARILLA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears,*** and other eruptions or visible forms of ***Scrofulous*** disease. Also in the more concealed forms, as ***Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia,*** and the various ***Ulcerous*** affections of the muscular and nervous systems.

Syphilis or ***Venereal*** and ***Mercurial Diseases*** are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. ***Leucorrhœa*** or ***Whites, Uterine Ulcerations,*** and ***Female Diseases,*** are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. ***Rheumatism*** and ***Gout,*** when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also ***Liver Complaints, Torpidity, Congestion*** or ***Inflammation*** of the ***Liver,*** and ***Jaundice,*** when arising, as they often do, from the rankling poisons in the blood. This ***SARSAPARILLA*** is a great restorer for the strength and vigor of the system. Those who are ***Languid*** and ***Listless, Despondent, Sleepless,*** and troubled with ***Nervous Apprehensions*** or ***Fears,*** or any of the affections symptomatic of ***Weakness,*** will find immediate relief and convincing evidence of its restorative power upon trial.

FOR SIGHT IS PRICELESS!

BUT THE DIAMOND SPECTACLES
WILL PRESERVE IT.

THE DIAMOND GLASSES,

Manufactured by

J. E. SPENCER & CO., N. Y.,

Which are now offered to the public are pronounced by all the celebrated Opticians of the World to be the MOST PERFECT, Natural, artificial help to the human eye ever known. They are ground under their own supervision, from minute Crystal Pebbles, melted together, and derive their name, "Diamond," on account of their hardness and brilliancy. The Scientific Principle on which they are constructed brings the core or centre of the lens directly in front of the eye, producing a clear and distinct vision, as in the natural, healthy sight, and preventing all unpleasant sensations, such as glimmering and wavering of sight, dizziness, &c., peculiar to all others in use.

They are Mounted in the Finest Manner, in frames of the best quality, of all materials used for that purpose. Their Finish and Durability cannot be surpassed.

Caution.—None genuine unless bearing their trade mark <> stamped on every frame.

Proclaim the Glad Tidings!

TAHT the Great Shoshonees Remedy and Pills, of the Eminent Indian *Medicine-Man*, Doctor Lewis Josephus, of the Great Tribe of Shoshonees, British Columbia, is working the most marvelous and astonishing Cures the World ever heard of.—Never in the annals of Canadian Medical History has such success attended the introduction of any medicine heretofore.

WHY?

SIMPLY Because the numerous valuable active medicinal vegetable ingredients, (some of which we will mention, such as the extracts of Wild Cherry Bark, Podophyllum, Juniper, Quassia, Smartweed, Dandelion, Hyoscyamus, Compound Extract of Colocynth, Jalap, Socatrine Aloes, Capsicum, &c., &c.) which enter into the composition of the combined medicine, are sure and so harmoniously classified and compounded, that it is made the most searching crative in the known world, and cannot help but act on the system in a very satisfactory and desirable manner. No matter what your ailment may be, or of how long standing, it will find the spot and astonish you by the rapid manner in which you are restored to perfect health and full vigor.

This Medicine is pleasant and safe to take, and is warranted, and may positively be relied upon to make a permanent cure for all diseases of the Throat Lungs, Liver, Kidneys, Digestive Organs, &c. &c., as well as Scrofula, the various Skin Diseases, Humors, and all diseases arising from Impurity of the blood, excepting the Third Stage of Consumption. Further information, with full directions for using the Great Shoshonees Remedy and Pills, and containing Testimonials and Certificates of Cures, can be obtained by securing the Treatise, the Hand-book, or the Almanac and Circulars from any respectable Druggist in the Dominion—free.

Price of Remedy in large Pint Bottles $1.00. *Pills per Box 25 cents.*

NATIONAL LIFE INSURANCE CO.,

OF THE UNITED STATES OF AMERICA.

Washington, D. C.

CASH CAPITAL, $1,000,000.

Chartered by special Act of Congress.

Approved July 25, 1868.

OFFICERS.

Clarence H. Clark, Philadelphia, President.
Jay Cooke, Chairman Finance and Executive Committee.
Henry D. Cooke, Washington, } Vice Presidents
E. A. Rollins, Philadelphia, }
Emerson W. Peet, Phila., Secretary & Actuary.

That the National Life Insurance Company of the United States of America is the most popular company in this country is evinced by the fact that in the first twenty months of its existence it received about 12,000 APPLICATIONS and issued 10,000 POLICIES, a much larger number than was ever issued at the same period of its existence by any other life Insurance Company in the world.

That it is the most secure company is proven by its **Capital of $1,000,000.** That it is honestly, correctly, and scientifically managed is guaranteed by the character and skill of its owners and managers, who, in addition to their integrity and ability, are influenced by pecuniary interests. Its rates of premium are as low as is consistent with entire safety. Its plan is entirely free from any complications of notes, interest, &c., or uncertainties and disappointments of dividends, &c. Its contracts are definite, clear, and impossible to be misunderstood or misrepresented. Its policies contain all of the promises made by the company, and are exceedingly liberal. All the advantages and privileges which can be safely granted to the insured are given by this deservedly popular and strong company.

CARLETON COUNTY

Grammar School!

THE School Rooms are in a convenient and pleasant part of Woodstock, and are commodious and comfortable. The courses carried on include, in Languages the ENGLISH, FRENCH, LATIN and GREEK.

ANCIENT and MODERN HISTORY, PHYSICAL & POLITICAL GEOGRAPHY, ASTRONOMY, the use of the GLOBES, BOOK-KEEPING, ARITHMETIC, ALGEBRA, GEOMETRY, TRIGONOMETRY, PLAIN, SPHERICAL, and ANALYTICAL MENSURATION, LAND SURVEYING, CIVIL ENGINEERING; NAVIGATION, NATURAL PHILOSOPHY, CHEMISTRY, PHYSIOLOGY, GEOLOGY, NATURAL HISTORY, &c.

The Principal has recently enlarged his previously liberal provision of Apparatus, and of Chemicals, to aid in the Teaching and Illustrations of Natural Philosophy, Chemistry, and other branches; and has also a supply of Mathematical and Astronomical Instruments, including Telescope and Circumferentor. The School has well experienced assistants, both in the Male and Female departments.—In the latter the Pupils have tuition in MUSIC, DRAWING, &c., from the Female Assistant, and at the same time, although the departments are separate, have full advantage of the teaching of Mr. McCoy, in any or all of the subjects which come under his especial charge. It is the object of the Principal as well to prepare pupils to enter successfully on a University course, as to finish the education of such as propose to adopt the business of teaching, or to enter upon Commercial or Business pursuits, and to give to all Students in the lower as well as higher classes as great an amount of instruction as the time spent by them at the School will admit. That the School has been eminently successful in these respects, the roll of those who have passed through it, and many of whom occupy positions of honor and emolument in this country and elsewhere, furnishes convincing evidence.

Terms Reasonable—They may be learned on application to the undersigned.
