It is not so with gluttony, with Trains on European and North American Railway to and from Boston, Portland, Bangor, St. John and Fredericton. Dr. Farr thinks, is the growing sin of the age. To go to many good dinners, to be a welcome guest, and to enjoy the hospitality offered; to appreciate the best cookery, and to be able to do so without immediate ill consequences, is not only no sin in these days, it is virtuous, honorable and useful. In this way do men rise in favor, win friends, adorn and even instruct Town Weigh Scale Office society, and become great and good men. But Dr. Farr says that they die quicker for it, and that gout, the penalty of the luxurious, is now killing more, while delirium tremens, so conspicuous in scandalous gossip and the tales of a moral tendency, is not killing so many as it used to do. Old port, like the plague, has had its day, and good eating and much of it is taking its place in deadly efficacy. It is the more dangerous because so unobstrusive. CURE of BRONCHITIS.

J. C. CHAMBERLAIN, Esq. -- This is to certify hat about three years ago I became afflicted with was so afflicted for the want of breath that it was very difficult for me to speak, and in the night time frequently throwing the clothes off and raising in the bed to keep from strangling. I tried three o the most eminent physicians in the County of Northumberland for about a year without receiving any benefit. In fact I continued getting worse all the time. At last I was advised to try the Great Shoshonees Remedy. I bought a bottle and took t, and when it was about finished I began to feel a little better. I continued to use it until I had taken three bottles, when, to my satisfaction, I found that I was as well as ever I had been previous to my llness, and have been so ever since. JOHN SILVER.
