SATURDAY, AUGUST 17, 1872.

Brick Building, up stairs.

Our correspondent "Typo," last week, suggested some matters well worthy consideration. That Woodstock has many adaptations fitting it to be the seat of extensive and varied manufacturing estabvery valuable manufacturing establish- ly refreshed. ments, and the result is seen in the improved state of our business. It is a very easy calculation that if our mills, our iron founderies and machine shops, our carriage factories, furniture, leather and \$60,000 per year, and this apart from the well and prospering, enjoying rich returns \$60,000 per year, and this apart from the larger items of expenditure for stock, &c., that they had new potatoes and green by sending for the August number of Peters' Town and County, contributes to the pease four and five weeks previous to the Musical Monthly. The pieces are also public the Bowels. In all cases of superabundant which, if not directly spent within the general trade prosperity. Then supposing in addition to the existing factories there were a cotton mill, a woollen mill, and a mill for the manufacture of wooden ware run on a large and profitable scale, would be, of necessity, four times as large to 104 in the shade, causing corn to grow in amount and the expenditure be increased in like ratio. The saggestion of New Brunswick is carning a reputa- Love's Caresses. Morceau elegante. Kinkel. 40 cts. our correspondent about abatement of tion for producing fast horses.
