SHOCKING MURDER IN CALLAO. Intelligence of a fearful tragedy in which a hus band, wife and their child are involved—the two latter fatally-reached the city on Saturday. The victims are the wife and child killed by the husband and father on board the Ship "Lizzie Fennell" at Callao. All the parties are well known in this city and Portland where they belong, the unfortunate woman, as well as the husband, having reatives residing here. The ship is owned by Messrs. T. McCarthy, F. Sweeney and T. Furlong, and is a new vessel. Capt. Manoney, who was a good citizen and trustworthy man when in his sober senses, was the was maddened with liquor. The cabin of nis ship being the scene of the tragedy, the nelpless victims having their throats cut before assistance could reach them. The man was arrested, and so great was the anger of the populace at the butchery, that to save nim from being lynched he was taken on board a man-of-war. Many of our Portland

readers remember Annie Montague, who, with one of her two children, is now buried near the capital of Peru, struck down early in life by a husband's hand. The moral of this shocking event is an obvious one, which we trust will not be without its effect on hose who like Captain Mahoney, may make demons of themselves by strong drink. Capt.
