AUCTION!
DR. BAXTER'S CHALYBEATE,
An Iron Tonic for the Blood.

THE remarkable sale, and the beneficial results to those who have used DR. BAXTER'S
CHALYBEATE, during the short period it has been before the public, is the best evi-
dence of its curative powers over disease and disorders of the human system. Its
success in that it is a BLOOD FOOD, and that it contains an element which is necessary
to the healthy life of the blood, viz., IRON, for without iron the blood would lose its
vitality—IT WOULD DIE. The combination contained in the Chalybeate is suited to the
weakest digestion, and can, consequently, be taken up by the stomach, and being easily
assimilated, works its curative power on the blood mass. When it is considered that dis-
ease is weakness, and that the weak and weary are those who are seeking aid of the
physician every day, does not common sense teach us that what tends to strengthen such
tends to cure them; and I hold that it is the duty of the educated and honest physician,
if he cannot reach all such in his private practice, to extend the area of usefulness of a
remedy, which years has proved to be of immense service as a curative agent in the treat-
ment of disease. Its operation is in strict accordance with the laws of the human sys-
tem. It does not profess to be a cure all, nor does it profess to root out, hunt out, or act
in a wonderful and mysterious way. This preparation has stood the test of years in pri-
vate practice, and can with confidence be recommended to the public. The days of
bleeding, blistering, and mercury are gone by. It becomes all to husband their blood and
their blood making powers. The battle of life will exhaust all soon enough. The weak,
who are the great majority, will find it just such a Tonic as they require. What but a
Tonic treatment would have rendered the benefits experienced in the following cases,
and is not such the rule everywhere, and not the exception.

Price, One Dollar per Bottle.
FOR SALE BY H. R. BAIRD.
TESTIMONIALS.
DR. BAXTER: Dear Sir,—I feel it my duty to bear testimony to the efficacy of a remedy
which I used from about 14 months ago, and which is now given to the public. In
December 1870 I caught a severe cold, which settled in my lungs. I became extremely
weak, lost my appetite, and experienced great difficulty in breathing, and in 4 weeks
lost 27 lbs. of flesh. I was confined to my bed, and my friends considered my case hope-
less. My only treatment was your Chalybeate with Cod Liver Oil. I recovered rapidly
and have enjoyed good health ever since. It is proved as efficacious to others as it did
with me, many will yet thank you for giving it to the public. Yours very truly,
WM. B. MILES.

DR. BAXTER'S Chalybeate in the general weakness which is the result of the wear and tear of life.
DR. BAXTER: Dear Sir,—About three months ago I returned from the West, where I
had been engaged in the manufacture of cigars, with a system entirely exhausted, a weak
circulation, bad digestion, and general weakness. The great change of temperature
which I experienced here produced distress and weakness in my lungs. I felt the need
of a tonic and found it in your Chalybeate. After taking two bottles, with a small quan-
tity of Cod Liver Oil, I soon regained my former health, and am now as well as ever.
