Watchmaking in Switzerland. (From the Swiss Times of May 30th.) We have already drawn attention to the annual meeting of the Society of Arts held on the 23rd current, under the presidentship of M. Th. de Saussure, and are now able to furnish some

further details. Professor Soret, in delivering a most interesting report, passed in review the operations of the industrial section, in reference to Commerce, laying great stress upon the competition that has taken place in the manufacture of chronometers. This competition was instituted with the object of testing the workmanship and precision of chronometers turned out by Genevese manufacturers, and none but those adopted for pocket use were admitted. They were deposited in charge of the authorities at the Observatory, and underwent the most searching ordeal possible to be applied onable than those shown in the first part of the to pocket instruments of this class. The jury season, viz.: specially retained to decide the difficult question as to whom to award the palm of excellence unanimously decided in favor of Messrs. J. M. Bad. Prints, Cambrics, Muslins, ollet & Co. This firm having carried off the sole Brilliants, Piques, etc.; prize by exhibiting a chronometer which fulfilled orced.

All dogs found inside the Park will be destroyed.

No teams allowed to drive on the track during No teams allowed to drive on the track during the trac mention for two other chronometers. The alluthe races. No person allowed to trespass on the land above the track, as it is leased by the Associ- sion to this triple honor was received with enthusiastic applause, and Professor Humbert, Presi-Tickets 25 cents. Horse and carriage (single or dent of the Fine Arts Section, closed the meeting Dress Trimmings, Fringes, etc.; with happy and humorous dissertation upon subjects connected with this department.

DR. BAXTER'S CHALYBEATE.

THE remarkable sale, and the beneficial results to those who have used Dr. BAXTER'S CHALYBEATE, during the short period it has been before the public, cre the best evidences of its curative powers over diseased and disordered states of the human system. Its success is that it is a BLOOD FOOD, and that it contains an element which is necessary to the healthy condition of the blood, viz., IRON, for without Iron the blood would lose its vitality--IT WOULD DIE. The combination contained in the Chalybeate is suited to the weakest digestion, and being easily assimilated. works its curative power on the blood mass. When it is considered that disease is weakness, and that the weak and the weary aret hose who are seeking aid of the physician every day, does not common sense teach that what tends to strengthen such, tends to cure them; and I hold that it is the duty of the educated and honest physician, if he cannot reach all such in his private practice, to extend his usefulness by offering to the public a remedy, which years has proved to be of immense service as a curative agent in the treatment of disease. Its operation is in strict accordance with the laws of the human system. This preparation has stood the test of years in private practice, and it can therefore with confidence be recommended to the public. The days of bleeding, blistering, and mercury are gone by. It becomes all to husband their blood and their blood-making powers. The battle of life will exhaust all soon enough. The weak, who are the great majority, will find it just such a Tonic as Will give one of her Grand Concerts stock, County of Carleton, on the twentieth day of November next, at two o'clock in the afternoon:— enced in the following cases? JOHN BAXTER, M. R. C. S. E., Proprietor, St. John.

Price, One Dollar per Bottle. FOR SALE BY W. T. BAIRD. TESTIMONIALS.

Dr. Baxter's Chalybe ate in Combination with Cod Liver Oil in cases of threatened Consumption. DR. BAXTER: Dear Sir,-I feel it my duty to bear testimony to the efficacy of a remedy which I used from you about 14 months ago, and which is now given to the public. In December 1870 I caught a severe cold, which settled in my limbs. I became extremely weak, lost my appetite, and experienced great difficulty in breathing, and in 4 weeks lost 27 lbs. of flesh. I was confined to my bed, and my friends considered my case hopeless. My only treatment was your Chalybeate with Cod Liver Oil. I recovered rapidly and have enjoyed good health ever since. If it proves as efficacious with others as it did with me, many will yet thank you for giving it to the public. Yours very truly, WM B. MILES.

Dr. Baxter's Chalybeate in the general weakness which is the result of the wear and tear of life. DR. BAXTER: Dear Sir, -About three months ago I returned from the West, where I had been engaged in the manufacture of cigars, with a system entirely exhausted, a weak circulation, bad digestion, and general weakness. The great change of temperature which I experienced here produced distress and weakness in my lungs. I felt the need of a tonic and found it in your Chalybeate. After taking two bottles, with a small quan-50 half-chests Oolong Tea; 50 boxes Factory tity of Cod Liver Oil, I soon regained my former health, and am now as well as ever. Yours, &c., EDWIN LIMOND. St. John, N. B., April 1872. -1y-30
