THE "NEW ALBION HOTEL," the largest Hotel in Montreal, has just been opened under the most favorable auspices.
Whilst the "Old Albion" has been long noted for the strict attention paid to its numerous guests, the "New Albion" takes its position as a first class Hotel, and is really, first class in every respect, except the charges, which better suit the ideas and requirements of the majority of travellers, than many of the so called, "first class Houses;" which deserve the title more through the amount of their charges than aught

Already the crowded state of the "New Albion" promises well for its future career; everything associated with its construction has been carried out with artistic taste and systematic Livery Stable!
