HOW THE OLD AND INFIRM ARE SUP-PORTED BY FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES

During the vigor of youth the expenditure of the power of the mind (which is the real seat of man's strength) is balanced by activity of the nutritive functions, without the aid of science. But Time, the everlasting dissipator of reason as of events, sets a limit to his power, and it is

at this epoch that science may render to man the desired assistance, and restore the drain upon his wasted energies. Each effort of the mind, every act of the body.

Dr. Dow's Sturgeon Oil Liniment is prepared ment renders it efficacious, as it ultimately leaves the sufferer in the highest health. Professor Clark has received the unqualified

commendation of coadjutors in the medical colleges of both continents, and his Derby Condition Powders have been recommended over and over again by the professors in those colleges to the confidence of the public—an honor no similar preparation ever received. Yet nothing short of unmistakeable benefits conferred could originate and maintain the reputation they enjoy
