## CHARLES H. DAY. Woodstock, August 1, 1873. DR. BAXTER'S CHALYBEATE!

An Iron Tonic for the Blood.

The Imperfect Digestion and Assimilation of Food is the first step in the development of Pulmonary Consumption. This is known to the patient by the nausea and distress felt after meals-which, combined with GRENADINE SHAWLS, loss of appetite, failure of strength and flesh, should be enough to cause Free Exhibition Fair for 1873. alarm. In this state of constitutional depravity, no substance can effect so radical a change as Pure Cod Liver Oil, in combination with a Tonic such as is found in Dr. Baxter's Chalybeate. Experience has proved it to be the most effectual treatment yet offered to the consumptive.

The testimony of the ablest physicians of the day is corroborative of the above, and the proprietor would earnestly entreat those who are disposed to Consumption, either acquired or hereditary, to have faith and of Stock and other articles exhibited pursue a course of treatment which has done more for them than any known remedy. Dr. Baxter's Chalybeate is not a specific for Consumption, but in combination with Cod Liver Oil it will do more for them than all the nostrums of the shops.

For New Brunswick and Maine. THE proprietors of the Woodstock Nurseries attention to some facts, which go far to Cloths, Jean, Flannels, Book and Jaconet Muslin, show the superiority and certainty of those trees over all others, and the folly of buying American liant, Bed Ticking, &c., &c. Trees, or trees raised by parties without experience or knowledge of the needs of our extreme climate.
Orchards made from these trees are noted for HATS, FEATHERS, early, certain, and heavy crops, and quality of fruit which brings the highest prices in all markets where sent. The superiority of the orchards to be found at Woodstock, over all others of their size and age, planted from these nurseries, and that no such successful orchards can be found of the thousands of imported trees which have been planted here are sufficient testimony in favor of these trees Five hundred thousand trees are now growing in these nurseries.
