Customs Department,

OTTAWA, 27th June, 1873. SIR,—I have it in command to call your attention to the following Sections of the Act, respecting the admission of the Colony of Prince Edward Island, as a Province of the Dominion:

Section 3. If after the admission of Prince Edward Island into the Dominion, there be brought from it into any other Province of Canada, any article of commerce not being the produce of the Island or of Canada, and fiable to any duty of Customs when imported into Canada from any try, or any such article produced in the Island and liable to a duty of Excise if produced in Canada for consumption therein, then if such Canadian duty of Customs or Excise be greater than the duty of Customs or Excise paid on such article in the Island, the difference be tween the Canadian duty and the duty paid in the Island, shall be payable on such article when brought from the Island into any other Province of Canada, and such difference shall be collected under such regulations as the Governor in Council

may from time to time make in that behalf; and any such difference of duty payable under this section, shall be a duty of Customs within the meaning of the Acts respecting the Customs hereby ex-tended to the said Island, all the provisions whereof (including those respecting warehousing) and the penalties for contravention of such provisions, shall apply to such difference of duty. Section 4 limits the operation of the above Sec tion, to "the end of the now next Session of the

Parliament of Canada, and no longer." As no Order in Council has yet passed for regulating the procedure of the Customs in collecting the difference of duty in the cases mentioned, I have to request you carefully to examine such dutiable goods as may be brought to your port from the Island, and to inform yourself of the actual rate of duty paid thereon, and collect the difference between the rate so paid, and the rate per Dominion Tariff, and upon the face of each entry, to show the full original value of the goods, the rate and amount of duty paid, the rate and amount of duty under the Dominion Tariff, and the difference to be collected, and all such transactions are to be accounted for in your statistical books and returns. separately from the general specifications of im-

If the goods brought to your port are the produce of manufacture of the Island, and subject to duties of excise, the difference to be collected will be between the excise duty paid, and the excise duty of the Dominion; but in all cases the amount collect ed is to be treated by you as an import duty of The Act, and these instructions are to be enforce ed from and after the date which may be assigned

for the admission of the Island to the Dominion by proclamation of Her Majesty the Queen. I am, Sir, Your obedient Servant, J. JOHNSON,

Asst. Commissioner of Customs. To the Collector of Customs, Port of Charlottetown. NOTICE.

THE PARTNERSHIP heretofere existing be-L tween the undersigned being this day dissolved by mutual consent, all parties indebted to the late firm are requested to make immediate payment to JAMES N. MOORES, who is authorized to collect and receipt for the same; and all debts due by said firm will be paid by him. JAMES N. MOORES,

## DR. BAXTER'S CHALYBEATE!

An Iron Tonic for the Blood.

The Imperfect Digestion and Assimilation of Food is the first step in the development of Pulmonary Consumption. This is known to the patient by the nausea and distress felt after meals-which, combined with loss of appetite, failure of strength and flesh, should be enough to cause alarm. In this state of constitutional depravity, no substance can effect Rifles. so radical a change as Pure Cod Liver Oil, in combination with a Tonic such as is found in Dr. Baxter's Chalybeate. Experience has proved it to be the most effectual treatment yet offered to the consumptive.

The testimony of the ablest physicians of the day is corroborative of the above, and the proprietor would earnestly entreat those who are disposed to Consumption, either acquired or hereditary, to have faith and pursue a course of treatment which has done more for them than any known remedy. Dr. Baxter's Chalybeate is not a specific for Consumption, but in combination with Cod Liver Oil it will do more for them than all the nostrums of the shops.

THE proprietors of the Woodstock Nurseries L call attention to some facts, which go far to show the superiority and certainty of those trees over all others, and the folly of buying American

Trees, or trees raised by parties without experience or knowledge of the needs of our extreme climate. Orchards made from these trees are noted for early, certain, and heavy crops, and quality of fruit which brings the highest prices in all markets where sent. The superiority of the orchards to be found at Woodstock, over all others of their size and age, planted from these nurseries, and that no such successful orchards can be found of the thousands of imported trees which have been planted here are sufficient testimony in favor of these trees Five hundred thousand trees are now growing in these nurseries.
