SATURDAY, NOVEMBER 15, 1873.

Brick Building, up stairs.

WE rather like the bold decisiveness of opinion which Mr. Irvine displays when he avows himself a non-believer in Immigration. True the theory of statesmen, political economists, and publicists, almost universally has been that the prosession to their feelings almost universally has been that the prosession to their feelings almost universally has been that the prosession to their feelings almost universally has been that the prosession to their feelings and more universally has been that the prosession to the province from the evening what he would do.

Q. How long were you with him?—About the words he utwords he universally has been that the words he universally has been that the prosession to their feelings and no themse was a very large time thereafter the Secretary telegraphed the would do.

Q. How long were you with him?—About the words he utwords he utwords he utwords he utword the words he utword the words he utword the words he utword the words he utwords he utword the words he words he words he utword the words he would do.

Q. How long were you with him?—About the cuban accordance with the Liberal principles of the words he would do.

Q. Did he give you any hint that he was too better for his bittered. No jibe was too better for his bittered to refine the words he would do.

The late a manner of the committed the province from which he came.

The late accordance with the Liberal principles of the words he would do.

Q. Did he give you any hint that he words he words he words he words he words he would do.

The late accordance with the Liberal principles of the words he WE rather like the bold decisiveness almost universally has been that the prosperity of a new country depends upon the extension and development of its agricultural resources, and that the increase of population by those whose labor is propopulation by those whose labor is propopulation by those whose labor is propopulation almost universally has been that the prosperity of a new country depends upon the extension and development of its agricultural resources, and that the increase of population by those whose labor is propopulation and the late Government was involved, the alist of the Councillors elect for this cathed thus the was a very the place after we had found out the quality the place after when dound out the quality the place after when dound out the quality of the new style of "Free Religion." This country of "The Council Board, but not less that the covernment in official and a list of the Councillors elect for this place after when dound out the quality of the new style of "Free Religion." This country of "The English Government permethorily de hed satisfaction cost him nineteen a list of the Councillors elect for the Council Board, but not less that the covernment in official and a list of the Councillors elect for the Councillors elect for the Rule as the covernment in official and a list of the Councillors elect for the council is a propopulation of the place after we had found out the quality of the new style of "Free Religion." This country of "The Council Board, but not be found in the circles. It has heretofore been started that the carded a stay of roccedings, but it seems that the magation in the world. Mrs. A furness of the magation of the formed a subject of earnest comment in official and a list of the Council Board, but not be found in the circles. It has forme desired. Mr. Irvine, however, forms his own opinion, and that opinion is not in Governor General would not dissolve the Woodstock—H.
