OUR JAPAN LETTER.

Mr. Editor,-I my last letter I endeavored to give your readers some idea of the reforms instituted by the Japanese Government, and among other things mentioned the change in the method of computing time hitherto used by the Japanese to the Gregorgian system. Since then a proclamation has been The Garleton Sentinel assued ordering all Japanese subjects to refrain from work on the Christian Sabbath, which, I am sorry to say, is not strictly enforced. They are also forbidden to celebrate the native holidays and religious festival! days, except some few hereafter determined Brick Building, up stairs on by the powers that be. But the strangest of all the changes hitherto effected by the Hovernment is the celebration of the 25th Dec., in honor of the Tenno Zimmo, the first
