THORN PLANTS, SEEDS, &c. A Growing Necessity! To Gentlemen, Farmers and Others.

THE subscriber having imported, from England.
THORN PLANTS, and planted several Hedges in Woodstock last Spring, begs to inform Gentlemen, Farmers and others that he is prepared to receive orders for Thorn Plants, &c., for planting next Spring. The superiority of Hedge Fences over any other is so great, as well as the small cost; and in about 5 years they form an impenetrable deach worked from thirty distinct plates, and are in size (12x16) exact fac-similes of the originals. The presentation of a worthy example of America's greatest landscape painter to the subscribers of THE ALDINE was a bold but happy idea, and its successful realization is attested by the following testimonial, over the signature of Mr. Moran himself. and in about 5 years they form an impenetrable tence. Price per thousand \$7.50, or 25 cents per rod. One thousand will plant 30 rods of fence.—
