men, that it has been a very great pleasure to me to visit this locality. Situated as Woodstock is upon the noblest river to be found between the St. Lawrence and the Mississippi, we have had an opportunity of observing as we approached the town how civilization and industry are pushing further back the old primeral forest, and are assimilating the aspect of the country to what is most dear to an Englishman—a beautiful none which has been so gratifying to the suppose open to human ambitation and industry service, and that there is no prize open to human ambitation and in nearly every case the dalcony in the golden sunlight. These two complaints we do not believe there is an acrefully drawn picture are magical in their effect, and full of bidious complaints we do not believe there is an acrefully drawn picture called an "American Farm Scene," which is truthful and characteristic. There is also a fine picture of "Emperor Charles V. and Titian," after Becker, which il to witness since I reached your city, there is none which has been so gratifying to the suppose open to human ambitation and in nearly every case the dalcony in the golden sunlight. These two dalcony in the golden sunlight. Th

public occasion upon which that event has the brightness of their youthful loveliness, liament, and urges that the House of ers, 58 Maiden Lane, N. Y. been alluded to, and although I am afraid too young at present to appreciate your kindness, I shall not fail to remind the young lady, whenever she shall be able to comprehend the matter of interest and importance to all. The extensive circulation of this perceive the report of its popularity.
