## DR. BAXTER'S CHALY BEATE!

An Iron Tonic for the Blood.

The Imperfect Digestion and Assimilation of Food is the first step in do; White Almond do; Choice Toilet do; Prize the development of Pulmonary Consumption. This is known to the patient by the nausea and distress felt after meals—which, combined with loss of appetite, failure of strength and flesh, should be enough to cause alarm. In this state of constitutional depravity, no substance can effect so radical a change as Pure Cod Liver Oil, in combination with a Tonic such as is found in Dr. Baxter's Chalybeate. Experience has proved it to be the most effectual treatment yet offered to the consumptive.

The testimony of the ablest physicians of the day is corroborative of the above, and the proprietor would earnestly entreat those who are disposed to Consumption, either acquired or hereditary, to have faith and pursue a course of treatment which has done more for them than any known remedy. Dr. Baxter's Chalybeate is not a specific for Consumption, but in combination with Cod Liver Oil it will do more for them than all the nostrums of the shops.

For New Brunswick and Maine.

THE proprietors of the WOODSTOCK NURSERIES call attention to some facts, which go far to show the superiority and certainty of those trees over all others, and the folly of buying American Trees, or trees raised by parties without experience or knowledge of the needs of our extreme climate. Orchards made from these trees are noted for early, certain, and heavy crops, and quality of truit which brings the highest prices in all markets where sent. The superiority of the orchards to be found at Woodstock, over all others of their size and age, planted from these nurseries, and that no such successful orchards can be found of the thousands of imported trees which have been planted here are sufficient testimony in favor of these trees. Five hundred thousand trees are now growing in these nurseries. CALDWELL BROTHERS, and their
