Iron in the Blood
**PERUVIAN
SYRUP**
MAKES THE WEAK STRONG.
*The Peruvian Syrup, a Protected
Secretion of the Spleen of Iron, is so combined as to have
the character of an aliment, as
easily digested and assimilated
with the blood as the simplest
food. It increases the quantity
of Nature's Own "Glandine"
Agent, Iron in the blood, and
cures "a thousand ills," simply
by Tonicing up, Enriching and
Vitalizing the System. The en-
riched and vitalized blood per-
meates every part of the body,
replenishing damaged and waste
secretions, and leaving nothing
to feed upon.*
*This is the secret of the won-
derful success of this remedy in
curing Dyspepsia, Liver Com-
plaints, Dropsy, Chronic Dia-
rrhoea, Bolls, Nervous Affections,
Chills and Fevers, Humors,
Loss of Constitutional Vigor,
Diseases of the Kidneys and
Bladder, Female Complaints,
and all diseases originating in
a bad state of the blood, or ac-
companied by debility or a low
state of the system. Being free
from Alcohol, in any form, its
energizing effects are not fol-
lowed by corresponding reac-
tion, but are permanent, in-
fusing strength, vigor, and new
life into all parts of the system,
and building up an Iron Con-
stitution.*
*Thousands have been changed
by the use of this remedy, from
weak, sickly, suffering crea-
tures, to strong, healthy, and
happy men and women; and
invalids cannot reasonably hesi-
tate to give it a trial.*
*See that each bottle has PERU-
VIAN SYRUP blown in the glass.*

APPLE TREES
For New Brunswick and Maine.
THE proprietors of the Woodstock Nurseries,
2, call attention to some facts, which go far to
show the superiority and certainty of these trees
over all others, and the folly of buying American
trees, or trees raised by parties without experience
or knowledge of the needs of our extreme climate.
Orchards made from these trees are noted for
early, certain and heavy crops, and quality of
fruit which brings the highest prices in all markets
where sent. The superiority of the orchards to be
found at Woodstock over all others of their size
and age, planted from these nurseries, and that no
such successful orchards can be found of the
thousands of imported trees which have been planted
here are sufficient testimony in favor of these trees.
Five hundred thousand trees are now growing in
thousands of nurseries, and their Agents, are travelling and taking orders for these trees.
