FARMERS!
Can you afford to sow Poor Seed
WHEN THE
Queen of the Harvest
CAN SEPARATE
The Good from the Bad?

THE undersigned has the pleasure of informing the farmers of Carleton that he has been appointed agent for the sale of above valuable machines, for New Brunswick, and Arrostook Co., Me.
In order to be fully appreciated the "Queen of the Harvest" must be seen in operation. It is a fine Fanning Mill and Seed Cleaner. Farmers know full well the importance of clean grain for seed, and by this machine the finest grain or seed can be separated and cleaned as thoroughly as though the kernels were picked out by hand.
For separating oats and buckwheat it is perfect. The use of this separator in the preparation of seed will increase the value of any farm of 100 acres more than the cost of the mill yearly.
The mill can be seen in operation, and all further particulars learned, on application at office of undersigned, Connell Street.

DR. BAXTER'S
CHALYBEATE!
An Iron Tonic for the Blood.

The Imperfect Digestion and Assimilation of Food is the first step in the development of Pulmonary Consumption. This is known to the patient by the nausea and distress felt after meals—which, combined with loss of appetite, failure of strength and flesh, should be enough to cause alarm. In this state of constitutional depravity, no substance can effect so radical a change as *Pure Cod Liver Oil*, in combination with a Tonic such as is found in Dr. Baxter's Chalybeate. Experience has proved it to be the most effectual treatment yet offered to the consumptive.
The testimony of the ablest physicians of the day is corroborative of the above, and the proprietor would earnestly entreat those who are disposed to Consumption, either acquired or hereditary, to have faith and pursue a course of treatment which has done more for them than any known remedy. Dr. Baxter's Chalybeate is not a specific for Consumption, but in combination with *Cod Liver Oil* it will do more for them than all the nostrums of the shops.
