POOR COPY

Mr. Ryan and Mr. Lindsay favored the principle of the measure, and the latter moved an amendment that contractors be excluded from the House as well as officials.

Mr. Wedderburn opposed the amendment, which he believed would kill the bill.

Mr. Irvine would extend the provisions of the bill. A Dominion Government official was in as good a position to be independent as a member of the House with $300 in his pocket received from the Local Government for building a bridge.

The Attorney General said the object sought by the bill was simply to prevent the Dominion Government from interfering in this Legislature with members by conferring favors on them by giving them office and thus gaining their sympathies. A contractor does not obtain favors, but he secures his rights by competition with others. The contractor with the Local Government is in a different position to vote on and audit his own claims.

Mr. Lindsay said Mr. Irvine had made an insinuation against him several times about that $300. He had never taken any money contrary to law, while Mr. Irvine, when a councillor in Carleton, had voted to himself and taken money for his services against the law and was obliged to hand it back, and yet he came here as a Purifier. He had better see that his own hands are clean. He (Mr. Lindsay) did the work and got the pay, and no other man was paid for that work.

Mr. Irvine said he served in the Council three years and then declined to be elected as it took too much of his time, and he could not afford to spend his time any longer for nothing. They, however, re-elected him, and for two years.

Hon. Mr. Kelly replied to Mr. Irvine in somewhat lengthy remarks, saying the Government did not want his support, and intimated that he had a large amount of presumption, and supposed that the Government would have to resign since Mr. Irvine would not support it.

Mr. Irvine retorted vigorously and severely. Mr. Kelly's incoherent ravings were, he said, better suited to the bar room than to the House of Assembly.

The amendment to include contractors in the bill was defeated by a vote of 25 to 7.

Mr. Tibbits committed a bill to incorporate a part of the Parish of Grand Falls, for fire purposes.

Eight Children at a Birth.—Not long ago, says the Cincinnati *Lancet and Observer*, Mrs. Timothy Bradlee, County Ohio, gave birth to eight children—three boys and five girls. They are all living and are healthy, but quite small. Mrs. Bradlee was married six years ago to Eunice Mowbry, who weighed two hundred and seventy-three pounds on the day of her marriage. She has given birth to two pair of twins, and now eight more, making twelve children in six years. Mrs. Bradlee was a triplet, her mother and father both being twins, and her grandmother the mother of five pairs of twins. Next!

Among the many rare and curious things owned by Mr. Sumner was the wig Lord Brougham wore when he was Lord Chancellor of England. He was also the possessor of Burns' manuscript of "Scots wha hae," which he had carefully preserved.

By a law which recently passed the Missouri Legislature, the selling or giving intoxicating liquor to any minor or habitual drunkard, after warning from wife, parent or guardian, is to be punished by a fine of not less than $40 and forfeiture of license.

A young man in Ashtabula sought to secure his sweetheart by strategy, so he took her out for a boat ride, and threatened to jump overboard into the lake if she didn't consent to marry him. But it did not work. She offered to bet him a dollar he daren't dive in.

Indisputable Facts.—If used faithfully and perseveringly, there is no Cough or Cold, however obstinate or long standing, but what will yield to Dr. Wilson's Pulmonary Cherry Balsam. Numbers of people who have tried all other remedies, and have been under the care of eminent physicians without deriving the slightest benefit, have been thoroughly cured by a few doses of this matchless Balsam. For Asthma, Bronchitis, Influenza, Whooping Cough, &c., there is no medicine that can be used with so good an effect. In fact, in the worst form of these diseases this Balsam is irresistible.

Whoever would be well must see that every organ of the body does its share of duty. Every one may insure this by taking an occasional dose of Dr. Wilson's Anti-Bilious and Preserving Pills. Stomach, Liver, and Bowels, are all reached by the purifying powers of these Pills.

Many thousands of martyrs from Rheumatism have found human life but one long disease, and after consulting the most eminent physicians in vain, have grown weary of existence, and have ceased to hope for comfort on this side of the grave, until some lucky accident called their attention to Dr. Dow's Sturgeon Oil Liniment. This is a genuine remedy indeed. Persons bedridden with rheumatic pains, after applying the Liniment, have found themselves restored in an incredibly short space of time to perfect health.

Clark's Derby Condition Powders are the best medicine in existence to put a horse in good condition, giving him a coat soft and bright as satin, and purifying all the internal and urinary organs. They act directly upon the Blood, giving him a good appetite, regulate the bowels without purging, and are the desideratum so long sought for.

LETTER FROM REV. JOHN McMURRAY.

James I. Fellows, Esq.

Dear Sir: I have recently heard from an invalid of the great benefit derived from your Compound Syrup of Hypophosphites, and, having in many other instances marked the most beneficial results from its use, I cannot but regard its discovery as a matter of devout thankfulness to a benign Providence.

I have used it considerably myself, and, at intervals, during several years past, given it to some members of my family.

I have also recommended it to others, and invariably found it to be of essential benefit in those complaints for which it is especially recommended.

In bronchial and other chest affections, in arresting incipient consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility, in giving tone to the system, it is undoubtedly a valuable remedy.

I am, dear sir, yours truly,
JOHN McMURRAY, Methodist Minister.
Newport, N. S.

Veterinary surgeons all over the country are recommending "Sheridan's Cavalry Condition Powders for the following trouble in horses: Loss of appetite, roughness of the hair, stoppage of bowels or water, thick water, coughs and colds, swelling of the glands, worms, horse ail, thick wind, and heaves.

A friend of ours who is chief clerk in the Governmental Dispensatory, says that no medicine chest is complete without "Johnson's Anodyne Liniment." We always supposed it was prescribed by law; if it is not, it ought to be, for certainly there is nothing in the whole *materia medica* of so much importance to the soldier and the sailor as "Johnson's Anodyne Liniment,"

Dyspepsia is a Hydra-Headed Monster, from which nearly all "the ills the human flesh is heir to" originate. The Peruvian Syrup, a protected solution of the protoxide of Iron, is a long tried and well-established remedy for this distressing complaint; it has cured thousands when other remedies have failed.

TELEGRAPHIC NEWS.

London, April 4.—Advices from Spain state that active operations have been resumed before Bilboa with the bombardment of Abanto by the Republican forces. A force of 600 Republicans near Calaof is said to have been surprised by the enemy and to have surrendered without fighting. News is received of the wrecking of the ship Victoria Nyanza, near Boulogne, and the drowning of three men.

New York, April 6.—Reports of heavy rain and snow storms come from the north and west. The snow is six inches deep in Chicago. A heavy snow storm occurred at London and Toronto, Ontario, on Sunday. Over a foot of snow is on the ground, and sleighing has recommenced. In the case of Timothy Topping of Woodstock, Canada, tried for the murder of his wife and four children, the jury after an absence of three hours, returned a verdict of wilful murder. Gold 113 3-8. There is no election of Senator yet in Massachusetts. Meetings in opposition to the proposed inflation of the currency are being held in various parts of the country. Rio Janeiro dates of February 24 state that the Catholic Bishop of Pernambuco, for the fulmination of a decree of the Pope, against Free Masons in Catholic churches, without first obtaining the endorsement of the Brazilian Government, has been tried, condemned, and sentenced to five years' imprisonment. In answer to his indictment, the bishop compared himself to Jesus Christ, assuming his Judges to be like Caiphas and Pilate.

London, April 6.—Professor Goldwin Smith has a letter in the *News* on "Home Rule." He advocates giving to them legislative powers for the administration of local affairs, similar to those of Legislatures in American States.

(*Special to Daily News.*)

Ottawa, April. 4.—The *Citizen* to-night publishes a letter written by John Bruce, the half-breed who was President of the Council in Riel's Provisional Government, and who witnessed Scott's murder. The details are sickening. Scott, after being shot was placed while living in a rickety wooden coffin, and after uttering groans for twelve hours, a board was puled off, and a Frenchman cut Scott's throat. The corpse was then thrown into Red River.

(*Special to Daily Telegraph.*)

Ottawa, April 6.—The *Free Press* to-day says: "A correspondent, writing from London, informs us that the Imperial authorities have under consideration a matter of grave moment regarding Canadian affairs, the tenor of which will probably be announced in a few weeks. It is presumed that the subject under discussion is the advisability of erecting the Dominion of Canada into a Vice Royalty, by sending the Duke of Cambridge to Canada as the representative of Her Majesty. Should this information prove correct, it will afford ground for serious consideration to the people of Canada, as it would probably involve the establishment of a court in the Dominion, and raise a question as to whether or not the climate of this country is favorable to the growth of aristocratic exertions." Archbishop Tache is on his way here, summoned, it is said, like Gov. Archibald, to give evidence concerning matters in the Northwest. The proposition to give a subsidy of $6,000 to Mr. Fishwick, and $4,000 to Mr. Clements, was favorably considered to-day by members of the Western Counties of Nova Scotia. Some say Riel will take his seat on Wednesday; others contend that he will not. There is very little excitement concerning him; go or come, he will have to answer at law for the murder of Scott.

New York, April 7.—Four workmen in the chemical works at Hunter's Point were yesterday suffocated to death by gas from a still. Five negroes out of a party of ten who were crossing the river from Portsmouth to Norfolk, Va., early yesterday morning, were drowned by the sinking of a boat. Six of the assassins of the Rev. Mr. Stephens, in Mexico, are condemned to death. A Finance Bill fixing the Maximum amount of United States notes at $400,000,000, and adding $460,000,000 to the National Bank circulation, formally passed the Senate yesterday. A letter from Lima says that the Jesuits who came to Peru owing to troubles in Germany, Italy and Spain, will not be allowed refuge in that country. Yesterday in Connecticut the Democrats elected a Governor by 2500 majority.—Both Houses of the Legislature are largely Democratic. The passage of the Inflation Bill in the U. S. Senate has not affected the price of gold, which is 113¼ to 113½ to-day.

(*Special to Daily News.*)

Ottawa, April 7.—A large number of petitions for prohibition were introduced. Mr. Dorion introduced a Dominion Election Bill. Among its provisions are Vote by ballot, simultaneous election, abolishing property qualification and abolishing public nominations. He made lengthy explanations, among others,—that the Government were decided to adopt the New Brunswick system of balloting in preference to the English system. Each Province is allowed to regulate its franchise. The Sheriff of each county is to be the returning officer, except in special cases. Cauchon, Holton and others congratulated the Government on the introduction of the measure. Jones, of Halifax, said he would support the bill, but he thought it was an anomaly that the candidate need have no property qualification, while the voter must have. Mr. Palmer approved of the bill. He would like it if public nominations in New Brunswick were continued, but he would support the bill as explained by Dorion. In answer to Palmer, the Premier said a sum was placed in the estimates for the construction of a canal, but the route was not yet decided upon. In reply to Palmer, the Premier said the Government had no intention of applying for an amnesty for any persons who committed the offence in Manitoba.—Cheers and tokens of dissent. A meeting of 500 Frenchmen held in Hull resolved to petition the Government for a pardon for Riel. Should this not be granted, they will advise Riel not to take his seat.

London, April 7.—News is received of the sinking of the French Transatlantic Company's str. Europe, while on her voyage from Harve to New York. The passengers and crew were rescued by the National Line steamer Greece, the first officer of which remained on board the unfortunate vessel in hopes of saving her, but was obliged to abandon her, and, with the crew, was rescued by the steamer Egypt and brought to Queenstown. Gerona, Spain, has been heavily levied on by the Carlists.

New York, April 8.—By a boiler explosion yesterday at Musconetong tunnel, on the Easton & Amboy Railway, the master mechanic, fireman and helpers were killed and the engineer wounded—Cause unknown.

The new Captain General of Cuba, Concha, has issued a proclamation promising to reduce expenses, quench the fire of war, abolish public debt, urge closest relations between Cuba and the mother country, and a determination to restore tranquility to the Island.

London, April 8.—Mr. Cross, Home Secretary, having received application for a new trial of the Tichborne claimant, has replied by asking on what legal grounds the demand can be made. It is rumored that Mr. Disraeli is to marry the Dowager Countess of Chesterfield. The Government defray the expense of Dr. Livingstone's funeral, which takes place at Westminister Abbey. The sovereignity of the Fejee Islands has been formally tendered to Great Britain.

St. John, N. B., Dec. 19, 1872.

Mr. T. Graham.

Dear Sir.—I have been for several years under particular obligation to you for a bottle of your Pain Eradicator. You, no doubt, remember having met me in Grand Manan about eight years ago, when I had been laboring about eighteen months under the distress of a very lame knee, the result of a very severe fall. I had previously tried most all the popular remedies under the head of "Pain Killer," etc., to no effect. Your one bottle cured me permanently, and I always praise the bridge that carries me safely over.

Yours, with gratitude,
GEORGE GARRATY,
Pastor Christian Church, Duke street.

CLEANSE THE BLOOD.

With corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in pimples or sores, or in some active disease, or it may merely keep you listless, depressed, and good for nothing. But you cannot have good health while your blood is impure—Wilson's Tonic and Sarsaparillian Elixir, purges out these infirmities and stimulates the organs of life into vigorous health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood. Try Wilson's Tonic and Sarsaparillian Elixir, and see for yourself the surprising activity with which it cleanses the blood and cures disease resulting from impure blood. It regulates all the secretions, leaving the system in an invigorated natural condition. We can assure the invalid we offer him the best Sarsaparillian extract known, and we believe the best blood purifier yet discovered.
